LEGION PIPE BAND HEADS PARADE

## Kelowna Pays Its Tribute To Fallen

One of the largest turn outs of Canadian Legionnaires on record helped to swell the ranks of those paying tribute to the fallen of two world wars at Kelowna Cenotaph yesterday, to more than a thousand.

The long column of legionnaires formed up outside the Legion Hall on Ellis Street in bright but cold weather.

Headed by the Legion Pipe Band and color bearers, and with the Boy Scouts, Girl Guides, R.C.S. Grenville, A and B Squads, B.C. Dragoons in the rear, the Legionnaires marched down Ellis to Bernard, and on into the park to such stirring marches as Scotland the Brave.

## UN Seats For Two Chinas Suggested

LONDON (AP)—Prince Abdul Rahman, prime minister of Malaysia, suggested today that Communist China and Formosa both should hold seats in the United Nations.

Arriving from the United States, he indicated he is pressing this "two Chinas" course on Washington and London.

## \$132,000 New Cascade Co-Op Union Building To Rise On Ashes Of Old

The Cascade Co-operative Union will build a new cold storage plant on the site where its former one was destroyed by fire, June 28.

M. J. dePuyffer, manager, stated today the cost is estimated at approximately \$132,000 and that it is hoped to start on the building in two weeks and have it completed by March.

He said a water defrost system will be installed rather than a brine system as in the old plant, and that it is hoped this will increase moisture and lessen fruit evaporation.

Mr. dePuyffer said it is expected to carry on with the piecing of the new building in the past during the "off" season.

The former plant was being used for this purpose at the time of the fire. Loss to the co-operative union was \$132,000 and this was entirely covered by insurance. In addition S. M. Simpson Ltd., for whom the pre-assembly building was being done, sustained heavy losses of materials.

**QUICKLY RENTED**  
No loss of employment resulted from the fire as suitable premises were quickly rented from the Kelowna Growers Exchange to carry on all operations.

There are 46 members of the union and 39 of these are shipping shareholders. At a meeting attended by 27 of these Thursday it was unanimously decided to rebuild on the old site in Glenora. While no definite plans have been submitted it is expected the new structure will be almost identical with the old in design, and will have capacity for 120,000 boxes in bins.

Three alternative suggestions which were placed before Thursday's meeting and unanimously rejected were:

To build the new cold storage plant on the lot next to the union's Smith Ave. plant. It was stated that while this would have the advantage of combining operations, it would result in lack of loading and bin storage space.

To amalgamate with Kelowna Growers Exchange.

To liquidate. It was pointed out that growers would then have to look for a new packing house.

LAST POST RINGS OUT

## South Viet Nam Revolt Crushed After 30 Hours

SAIGON (Reuters)—A 30-hour revolt against pro-Western President Ngo Dinh Diem of South Viet Nam ended here today with the president appearing firmly in control and rebel paratroopers fleeing before loyalist troops.

Diem made a radio broadcast appealing to the people to stay "calm and vigilant." He denounced "the perfidy of the coup leaders in fooling the paratroopers into joining their criminal acts."

The Viet Nam press agency reported the rebels offered amnesty to the rebel troops if they returned to their units "within the required deadline." No mention, however, was made of the coup's leaders.

Paratroopers who took part in the abortive coup had by early afternoon agreed to co-operate with the Diem regime, government sources said.

**LEADERS FORCED DOWN**  
At the same time, it was reported two South Vietnamese fighter planes forced down an air force plane about 200 miles northeast of Saigon that was carrying two fleeing leaders of the revolt.

Another rebel leader, political commander of the Saigon region, commissioner Phan Quang Dan, also attempted to leave from the airport but it was not known whether he escaped.

The rebel leaders abandoned their attempt to overthrow the 59-year-old strongman president when thousands of loyalist troops surrounded the paratroopers in this capital city.

**REBELS SURRENDER**  
The paratroopers withdrew to a presidential guard barracks about half a mile out of the city setting up barricades for a last-ditch stand. But when it appeared their cause was hopeless they surrendered to the loyalists who had been summoned to the city from the provinces by Diem.

**Sisters Hurt In Glenmore Mishap**  
Two young Kelowna sisters, injured Friday night when they were struck by a car near Glenmore Store on Glenmore Drive, were reported to be in "satisfactory" condition in Kelowna General Hospital today.

Taken to hospital suffering from bruises and shock were Kathleen Ireland, 16, and her sister Judy, 15. They are daughters of Mr. and Mrs. Wilfred Ireland of RR 1, Glenmore. Police are investigating.

**THEATRE SHUT-OUT**  
Snub For Cultured Chimp

LONDON (Reuters)—A chimpanzee whose aesthetic taste tends to the works of Irish playwright Brendan Behan has been barred from the London production of a play featuring a chimpanzee.

William Wales turned up at the theatre with his chimp Ernie, smartly turned out in a blue and white jacket. He bought two orchestra tickets and started into the auditorium.

But manager Stephen Croft did a double take and said: "I have nothing against chimpanzees. But he can't go in. It's out of the question."

Wales wanted Ernie to see the play, Mr. Burke, MP, which features a chimpanzee, played by a man in a monkey suit, who is elected to Parliament.

Wales and Croft argued for 90 minutes while Ernie slipped orange juice and looked quizzically at foyer photos of the play's chimp.

"That animal can't go in," Croft said.

"Why? I think he would like to see a chimpanzee on the stage, even a fake one," Wales replied.

Wales and Ernie finally gave up and left the theatre.

Wales said it was a shame. He said Ernie had seen Brendan Behan's play The Hostage and seemed to enjoy it.

# Alaska Highway Proposal Bared

## Bonner Urges Care On \$240m. Project

VANCOUVER (CP)—Attorney-General Robert Bonner Friday night welcomed proposals of a United States research group for a \$240,000,000 British Columbia-Alaska highway development program, but urged a sober understanding of the financial problems involved.

Mr. Bonner said the report of the Battelle Memorial Institute to the Alaska international rail and highway commission will be "tremendously useful as an economic study."

But, he added, the cost involved, while small in terms of U.S. highway expenditure, will "loom very large indeed in a B.C. budget."

The report, presented to the commission Friday in Seattle, drew a glowing picture of the potential of the Pacific Northwest area of North America, a region of power, mineral, petroleum and tourist industry potential as yet barely touched.

It recommended paving of more than 1,000 miles of the Alaska Highway through northern B.C. and the Yukon, construction of a 500-mile new road from central B.C. to the Yukon and feeder routes to the Alaska Panhandle.

**ROADS PREFERRED**  
It proposed the road developments in preference to construction of a railway from central B.C. to Alaska. Such a railway line will cost more than \$400,000,000 and will require an annual operating subsidy of about \$34,000,000, the report said.

Work has begun on clearing the right of way north of Prince George for the southern terminus of such a line through northern B.C. and the Yukon to Fairbanks, Alaska.

The project, undertaken by the Pacific Northern Railway and financed largely by Swedish industrialist Axel Wenner-Gren, has been stalled by controversy over whether the 700-mile railway is subject to jurisdiction of the B.C. Public Utilities Commission.

The Wenner-Gren organization also has proposed multi-million dollar investment in northern B.C., involving mainly mineral and forest development of the rich 40,000 square-mile area in north-central B.C. known as the Rocky Mountain trench.

Wenner-Gren officials have proposed a \$400,000,000 hydro development of the Peace River, northwest of Dawson Creek.

Company officials were not available for comment on the Battelle report proposals.

Mr. Bonner said Friday night the Battelle proposals will receive careful consideration by the B.C. government.

The PUC will make recommendations to the U.S. Congress on means of improving communications between Alaska and the rest of the U.S. Congress is expected to refer the matter to a committee which will conduct negotiations with Canada.

## Vancouver Police Swoop On Big Call Girl Ring

VANCOUVER (CP)—Eight women who were arrested Friday morning in what police called the biggest call girl investigation in Vancouver's history were to appear in court today on conspiracy charges.

Morality squad officers said it is the first time conspiracy charges have been used in prosecution of persons believed to be operating a call girl ring. Usually such suspects have been charged with vagrancy or with operating a bawdy house.

The offence of conspiring to live off the avails of prostitution of others carries a maximum penalty of 10 years in jail on conviction compared with two years under the other counts.

Police said they have been frustrated in efforts to prosecute under the vagrancy section because of the necessity of showing the accused to have been a common prostitute and to have been found in a public place.

They said call girl rings do not solicit business in public and the girls appear on the streets only when travelling by taxi to keep appointments.

**SAYS JEWELRY STOLEN**  
The eight women charged were released on \$5,000 bail each after being arrested in homes and apartment houses. One told police her home had been broken into by thugs while she was in custody and \$13,000 worth of jewelry had been stolen.

Officers who made the arrests said they found long lists of names including those of several persons well known to the public.

The arrests climax more than a year of investigation. During the last three months seven morally sound detectives have been devoting their attention almost entirely to the case.

The arresting officers said one of the women charged is believed to have headed the operation while two others are suspected to have been engaged in telephone duties. The others are thought to have operated as working call girls, they said.

Two men arrested with the women were released after questioning.

**'Gauleiter' Of U.K. Dies In Germany**  
BONN (Reuters)—Ernst Wilhelm Bohle, British-born former Nazi official once mentioned as a likely candidate for the post of British during the Second World War, has died in Dusseldorf, it was learned today.

Bohle, 57, born of German parents in Bradford, England, and schooled in South Africa, died Wednesday.

Bohle pleaded guilty in a war crimes trial to participation in the persecution of Jews and in "Germanization" programs. He was sentenced in 1949 to five years imprisonment and released after a few months under amnesty.

On Thursday this newspaper carried a story to the effect that Mrs. Edward Drachenberg of this city had been found dead with her throat cut. The story was incorrect in indicating this cause of death. We now understand that she died of a broken neck and that she had suffered no cuts from a knife.

Our information was obtained from what we considered to be reliable sources and the account appeared to be confirmed in the material particulars by several reports. We were not alone in believing that the death had apparently been the result of cuts or knife wounds, as other news media carried similar reports that did not originate with us.

Actually, considerable care had been exercised in handling this story, even to the extent of legal advice.

However, despite our relying on not one but several sources, our report, insofar as it indicated the injuries and apparent cause of death, was entirely incorrect. We, therefore, are taking this first opportunity of making a correction and extending our sincere regrets to Mr. Drachenberg and his family.

The mistake was an unintentional one committed without any malice or desire for sensationalism. We regret any anguish the report may have caused anyone and extend our sincere apologies.

— THE PUBLISHER.

## UN VOTE

## Significant Defeat For West By New Members

UNITED NATIONS, N.Y. (CP)—Starting next Jan. 1 on the basis of geographical representation, the Soviet bloc banded the West in The Commonwealth—Ceylon now is a member—Latin America and Europe are constantly represented in the Security Council's smaller—nation, rotating seats, but Africa and Asia are there only intermittently.

In the Political Committee the move—supported vigorously by African member countries, to Canada for enlargement of the council has been stymied for five years by the Soviet Union's insistence that Red China must be admitted before any change. The Africans thus turned to the device of redistribution of council seats, which Canada and other Western countries oppose but the Soviet bloc supports.

The real reason for the move was seen in an Afro-Asian drive to block the election of Portugal—under criticism for colonial policies—and take the seat for an ally and Tunisia in two-year terms.

While the issue was procedural, it showed the growing voting power of the Afro-Asian group.

The assembly met to elect three non-permanent members of the Security Council. Chile, Portugal and the United Arab Republic were on the surface—unopposed to succeed Argentina, Italy and Tunisia in two-year terms.

## Calm Returns To Algiers After Day Of Riots, Death

ALGIERS (Reuters)—Calm returned to Algiers today after riots Friday in which the American cultural centre was sacked, 100 persons were injured and 70 were arrested.

Extra police remained on duty in the university area but fears right-wing students might take advantage of a university holiday today to continue agitation did not materialize.

About 5,000 policemen who battled with rioters all day Friday were withdrawn from the streets during the night.

There had been fears earlier that the students, who were active in Friday's Armistice Day demonstrations, might have used their day off today for further protests against French President de Gaulle's "Algerian Algeria" policy for this revolt-torn North African territory.

Friday's troubles brought a day of street fighting among right-wing demonstrators shouting "A l'Algérie Française" and hurling paving stones at police. Buses were used as barricades, cars were damaged and police used tear gas to disperse the demonstrators.

Four men were killed when nationalist insurgents opened fire with machine-guns in a cafe at St. Cyrille-Alger, near Oran, Friday night. The victims were the European cafe proprietor, another European and two Moslems.

In Paris, police Friday arrested about 1,000 demonstrators, most of them youths in the Champs Elysees.

**BRIDGE MISHAP**  
PENTICTON (CP)—Brian Denton, 16, was reported in serious condition Friday night after the car in which he was riding plunged over the embankment at the south end of the Karamata bridge.

Edwin Drachenberg, 60, 16165 Richter St., made a brief appearance in Kelowna magistrate's court, Thursday afternoon, when he was charged with the murder of his wife, Agatha.

He said nothing as the charge was read by Magistrate D. M. White and was remanded without plea.

The body of Mrs. Drachenberg was found at their home shortly after 2:30 a.m. by RCMP officers, who had been summoned there by neighbors at Drachenberg's request.

Later in the evening a coroner's jury convened by Dr. A. S. Underhill, deputy coroner, viewed the body and adjourned its inquest indefinitely.

A post mortem report has been submitted by Dr. J. J. Prang but has not been published.

It is understood that the death of Mrs. Drachenberg is attributed to a broken neck.

RED CROSS atop Turtle Hill. This is done to publicize the fact that the Red Cross Blood

Donor Clinic is in Vernon. This year the clinic is to be held Nov. 15, 16, 17 in the Canadian Legion Hall. (Interior Photo).

## Vernon Church Approves \$41,124 Program For '61

VERNON (Staff) — A congregational dinner of All Saints Anglican Church approved a program of \$41,124 for 1961. This was supported through formal motion of A. C. Nicholson and Charles Bristow.

The parish will embark on a canvass of its members on November 20, when individuals will be asked to examine their giving, and support their church accordingly.

The project—which goes under the title of "secret plan" has

P. A. France as general chairman. Mr. France was also dinner chairman. The meal was served in the Senior High School Auditorium, with the Rev. C. E. Reeve reading the scriptures, and defined the meaning of "stewardship" in its Christian sense.

A vote of thanks to Ian Weir, caterer, and C.G.I.T. was moved on behalf of the assembly by W. E. Hill.

The Rev. C. E. Reeve read the scriptures, and defined the meaning of "stewardship" in its Christian sense.

## Jubilee Hospital Gets Canadian Accreditation

VERNON (CP) — News was received last week from Dr. W. J. Taylor, executive director, Canadian Council of Hospital Accreditation, that following an inspection of the Vernon Jubilee Hospital by Dr. L. O. Bradley of Winnipeg on August 5 last, the hospital had received full Canadian accreditation for the next three years.

Several recommendations were made to further the standard of patient care and these will receive the attention of the board of trustees and the medical staff of the hospital. Accreditation standards is the yardstick used to measure the quality of patient care.

Patients admitted during October 332 including 46 newborns. Patient discharged during October were 341 including 53 newborns. Average occupancy, medical 47 patients or 97.1 percent occupancy. Maternity 12.7 patients or 57.5 percent occupancy; surgical 30.4 patients or 84.4 percent occupancy.

There were two new additions to the professional staff for Oct. Miss J. Harrison registered nurse, from Leicester, England. Miss C. Garland, graduate nurse, from New Zealand.

The well-attended meeting, held in the Parish Hall, was told work on the initial cleaning of the land has already been begun by members of the club.

The fish and game club had plans for an indoor rifle range in the drill hall in Armstrong, but the fire which gutted the building last month ended any such possibility.

Nov. 18, Dec. 2 and Dec. 16 meetings will be held in one of the classrooms at the Junior-Senior High School, and it is hoped films will be available for showing at one of these future meetings.

It was decided to form a sick visiting committee, three members being chosen each month to act as visitors.

GETS COMMENDATION VANCOUVER (CP) — Constable Jack Marshall, whose memory of a car he saw on his beat led to arrest of Joseph Corbett Jr., escaped U.S. murderer, in Vancouver last month, has received a special commendation from city police commission. The officer remembered having seen Corbett's car in front of a motel.

Half of the Lumbly Volunteer Fire Department rushed equipment to the scene, but although plenty of water was available from the nearby creek they were only able to save the shell.

Fire chief, Cecil Wills, and Cpl. Turnbull, RCMP, agree it must have been smoldering for 12 to 14 hours, but remained undetected because of the heavy fog.

RICE TO CHINA Communist China will purchase between 300,000 and 400,000 tons of rice from Burma in 1961.

First poppy to mark the proclamation of Legion Week, Nov. 6-12, is pinned on B.C. new Lieutenant Governor, Major General George R. Pearkes by Mr. Legion of 1960, John F. Towler. Mr. Towler, an 80-year-old South African War

veteran, is president of the Legion's Branch No. 1. Mr. Towler is retired after 23 years with the CPR police and lives in Richmond, B.C. In Kelowna, Mayor R. F. Parkinson has already urged support for the week locally.

On Wednesday and Thursday, after a Democratic win had been assured and John Kennedy the president-elect, the market showed signs of strength. But on Friday it was irregularly lower and brokers were hard pressed to offer an explanation.

One view was that Kennedy's narrow margin of victory did not warrant any sweeping changes, but another was that the new Democratic leadership still infers inflationary possibilities.

The Toronto industrial index gained slightly more than seven points—its best in nearly two months. But not all of the gain can be attributed to the U.S. election.

UTILITIES, PAPERS STRONG Utilities were good throughout the week and papers showed strength.

Steels were dull even though there are a bright spot in the country's economy with production running slightly better than 90 per cent capacity.

Manufacturing groups were strong, as were banks and finance companies. Refining oils and pipe lines were strong and active.

The building bond pools were a disappointment as investors expected a Kennedy win in the election would give them another boost. Most issues showed losses and none showed any inclination to start a rally.

Base metals were relatively strong over the week but volume was light.

On the oil front the big news was an announcement Friday by Canadian Devonian that the company was up for sale. The stock

## FALL ASSIZES ADJOURNED

VERNON (CP) — Court sittings in the Vernon Fall Assizes have been adjourned until Nov. 21.

Only one criminal case remains to be heard. James Harker of Kamloops is charged with gross indecency and will appear on that day. Second defendant in the case is Charles Briggs of Prince George, who will appear Nov. 23.

The murder trial of Charles Murrel Heathman, charged in the beating death Sept. 2 of eleven-year-old Donald John Ottley was transferred to B.C. Supreme Court at New Westminster.

The date has not been set.

## Hallowe'en Produced Aid For UN Needy In Vernon

VERNON (Staff) — Pennies, nickels, dimes and quarters everywhere. Students of the Vernon High School United Nations Club hovered over piles of shining coins counting the result of the Hallowe'en UNICEF drive.

A sign of weariness and joy issued at 10:00 p.m. After ten hours of counting, the result was \$500 for the United Nations Children's Fund. The students plan to send this entire amount to UNICEF and to raise money in

other ways to cover the expenses of the drive.

Seven hundred children carried UNICEF cans with orange and black labels on Hallowe'en night and collected pennies instead of candy.

David Toyle, the chairman of the drive says, "Every child who collected pennies in Vernon is helping one sick and hungry child in a have-not nation with one glass of milk every day for a year."

## GIVE UP CANDY

Phyllis Sagert is education chairman of the drive. Ann Scott is advertising chairman, and Linda Freeman is treasurer.

Teams of High School students gave a ten minute talk to nine Sunday schools on October 23, explaining to the children how they could help their less fortunate friends in foreign countries by giving up their candy.

The students returned on October 31, and distributed the cans which were returned the following Sunday.

The drive was continued in the High School during the next week. Students dropped their spare change in the cans placed in the home rooms.

The UN club would like to thank the Sunday school children and the citizens of Vernon for their co-operation in making "Pennies for UNICEF" such a success.

One cent will buy five glasses of milk, vaccine to cure a child of yaws (infectious eye disease which causes permanent blindness). Five cents will buy BCG vaccine to protect a child against tuberculosis for a year.

## AID ARRIVES FOR LUMBY'S RCMP

LUMBY (Correspondent) — Cpl. Robert Turnbull, Lumby detachment, RCMP, is receiving long-awaited assistance for policing the many square miles this detachment is responsible for.

Arriving soon from Williams Lake is Constable W. A. H. Hare who will take up his duties here.

Lumby detachment police Mabel Lake, Sugar Lake and east to the summit.

## 400 Lions Hold Vernon Meeting

VERNON (CP) — Four hundred members of Lions International will attend the annual mid-year conference of the fraternal organization today and Saturday. Delegates are expected from British Columbia, Washington and Idaho.

Conference chairman is John Trent of Vernon.

## House Blaze Not Noticed In Fog

LUMBY (Correspondent) — Fire of unknown origin completely gutted a house in Creighton Valley, two miles east of Lumby. The blaze was discovered after a heavy fog shrouding the valley had lifted. The house, vacant for over a month, was owned by Emmet Ferguson of Vernon and was known locally as the Haycock Place.

Half of the Lumby Volunteer Fire Department rushed equipment to the scene, but although plenty of water was available from the nearby creek they were only able to save the shell.

Fire chief, Cecil Wills, and Cpl. Turnbull, RCMP, agree it must have been smoldering for 12 to 14 hours, but remained undetected because of the heavy fog.

## Stock Exchange Put Out Of Its Misery At Last

### Canadian Press Staff Writer

It was election week in the United States last week, and, on Canadian stock markets, as probably on most markets throughout the world, it ended almost a year's waiting.

But what the outcome will eventually be is hard to say and investors and brokers alike are talking in cautious tones.

On Wednesday and Thursday, after a Democratic win had been assured and John Kennedy the president-elect, the market showed signs of strength. But on Friday it was irregularly lower and brokers were hard pressed to offer an explanation.

One view was that Kennedy's narrow margin of victory did not warrant any sweeping changes, but another was that the new Democratic leadership still infers inflationary possibilities.

The Toronto industrial index gained slightly more than seven points—its best in nearly two months. But not all of the gain can be attributed to the U.S. election.

But what the outcome will eventually be is hard to say and investors and brokers alike are talking in cautious tones.

On Wednesday and Thursday, after a Democratic win had been assured and John Kennedy the president-elect, the market showed signs of strength. But on Friday it was irregularly lower and brokers were hard pressed to offer an explanation.

One view was that Kennedy's narrow margin of victory did not warrant any sweeping changes, but another was that the new Democratic leadership still infers inflationary possibilities.

The Toronto industrial index gained slightly more than seven points—its best in nearly two months. But not all of the gain can be attributed to the U.S. election.

UTILITIES, PAPERS STRONG Utilities were good throughout the week and papers showed strength.

Steels were dull even though there are a bright spot in the country's economy with production running slightly better than 90 per cent capacity.

Manufacturing groups were strong, as were banks and finance companies. Refining oils and pipe lines were strong and active.

The building bond pools were a disappointment as investors expected a Kennedy win in the election would give them another boost. Most issues showed losses and none showed any inclination to start a rally.

Base metals were relatively strong over the week but volume was light.

On the oil front the big news was an announcement Friday by Canadian Devonian that the company was up for sale. The stock

jumped 25 cents.

It was election week in the United States last week, and, on Canadian stock markets, as probably on most markets throughout the world, it ended almost a year's waiting.

## The wonderful world of warmth

## CAREFREE COMFORT

To be really carefree you have to be comfortable . . . and that's where Esso Oil Heat comes into the picture.

Esso Oil Heat is your surest way to a warm, pleasant home where happy living starts. And it's nice for the head of the family to know that it's the world's safest heating system too.

And think of the convenience: Esso Furnace Oil is delivered automatically as the weather demands. There's nothing for you to bother with. The finest in equipment, maintenance and service can be yours, too, as well as easy terms to make payments a convenient item in your budget.

The time to call about oil heat is now . . . the place to call is your nearest Imperial Oil Sales Office.

thanks to

ALWAYS LOOK TO IMPERIAL FOR THE BEST

### OPERA COMPANY TO VISIT KELOWNA

The Canadian Opera Company, Canada's only professional opera company, will be visiting Kelowna on December 2, when the company will perform a full-length production of Nicolai's The Merry Wives of Windsor, at the Kelowna High School at 8:30 p.m. The company will be under the musical

direction of Mario Bernardi. Cast includes such famous singers as Jan Rubes, Alexander Gray, Dodi Protero and will be directed by Herman

Geiger-Torel. The performance is sponsored by the Rotary Club of Kelowna. In the picture above, Barbara Strathde, is seen as Alice Ford with two servants.

## Total Apple Shipments Stand At 1,541,000 Boxes

Total of apples shipped from the district has reached 1,541,000 boxes, the weekly report of the B.C. Tree Fruits Ltd., states. Of that total, 1,127,000, or 73 per cent, are McIntosh, the B.C. Tree Fruits Ltd., weekly report states.

Shipments of McIntosh in hand-packs had reached a total of 1,222,000 by the end of last week, and total cell packs shipped were 366,000. A recapitulation of shipments and stocks on hand at the

end of October puts the 1960 McIntosh crop at 1,777,000 boxes. Shipments to November 5, both to the fresh market and the processing plants, were 70 per cent of that figure.

To the same date, Red Delicious shipments had reached a total of about 196,000 boxes or 21 per cent of the total estimated Red Delicious crop of 935,000 boxes.

Ordinary Delicious shipments stood at about 87,000 boxes at last weekend. Spartans at almost 8,000, Newtowns at 12,000, Romes at over 8,000, and Jonathans at 8,000.

During the week the first car of golden Delicious, packed under the centralized packing program, was shipped to a United States market. It is too soon to know anything of its arrival or its reception there.

During the last week, total apple shipments were 172,500 boxes of apples, or the equivalent of about 228 carloads. In the course of the same week, about 18,000 boxes of Anjou and 3,000 boxes of Flemish beauty pears were shipped to bring the total at last Saturday night to about 67,000 for Anjou and 33,000 for Flemish.

C. E. Sladen, chairman of the board, at a meeting Thursday said he felt that though the municipality of Glenmore does not exist now, nevertheless the name "Glenmore" would continue to be used for a very long time.

"I would hate to see the school named for George C. Hume, Senior," he added "if people were to continue to refer to it by any different name."

Mrs. E. R. Pelly said it might be more appropriate to name the next school built there after Mr. Hume Senior.

The board decided to discuss the matter further with the PTA.

### POLICE COURT

In district court: Alice Favell was fined \$10 and costs for driving without having had her driver's licence renewed.

William Claude Anderson, \$20 and costs for speeding in a 30-mile zone.

In city court: Wilbur Roshinsky was fined \$15 and costs for failing to obey a traffic signal, and \$10 and costs for failing to produce his driver's licence.

Jacob Schnurr, \$50 and costs for driving without due care and attention.

Gilbert Erout, \$30 and costs for speeding in a 30-mile zone.

### CENSUS OF TOTS TO BE MADE

A voluntary census of pre-school-aged children in Kelowna and district will soon be under way.

The object will be to enable officials to estimate future enrollments at the various schools throughout School District 23, and to plan accordingly.

Frank J. Orme, district superintendent of schools, told a school board meeting, Thursday, there is no projected pattern available here and that it is essential to have one to work on.

He added it was proposed to carry out a pupil survey with the assistance of the PTAs, which will supply enumerators etc.

The school board endorsed the project and will support it.

## No Sale Sign Goes Up At High School

"No Sale" is the decision of Kelowna and District School Board on a small strip of Kelowna High School land which it had been asked to sell to the owner of adjoining property.

Henry Beaubien required a 15 feet by 120 feet stretch of ground west of the school building to enlarge his lot to 10,000 square feet—so as to bring it with specifications demanded by the City of Kelowna for erection of multiple dwellings.

The matter had been referred to the building committee at a previous meeting of the board.

J. R. Hume, chairman of the committee, told the board, Thursday, that after careful consideration and an inspection of the strip involved, it was decided to recommend that it be not sold.

He said that area of the school ground is now used for parking and his committee did not consider it wise to part with it, in view of possible future needs.

C. E. Sladen, chairman of the board, said it would probably prove a wise decision, particularly as residents of Harvey Ave. are considering petitioning to have parking prohibited on the avenue.

### RURAL SCHOOLS

## Only Janitor Attended Poll For Representative

Local meetings to elect rural school trustees for School District 23, held throughout the past week and Fred Macklin, secretary-month, were poorly attended on treasurer of the board, the only

person present for one meeting was the janitor of the school where it was held.

It remains for three representatives to be appointed by Hon. L. H. Peterson, Minister of Education, and the slate will have been brought up to full strength at 25.

Representatives are appointed by the minister for areas where meetings have not been held or elections not completed for any reason. Names to fill the three vacancies here have now been submitted to the minister by the Kelowna and District School Board, and are included, so noted, on a list of representatives below.

### LIAISON JOB

Areas' representatives act as liaisons between their communities and the nine-member school board, and from their number come four of the nine trustees.

At a meeting scheduled for November 24 they will elect two trustees to fill vacancies on the board caused by expiration of the terms of C. D. Buckland and T. R. Carter.

Both the retiring trustees have indicated they are willing to accept further two-year terms. The terms of the other two trustees representing rural areas, A. G. Pollard and J. W. Maddock, do not expire until Dec. 1961.

In Peachland, where election is held by popular vote, trustee D. A. K. Fuks' term expires, and he has not as yet intimated if he will be seeking re-election.

### NO CHALLENGER

In the city of Kelowna, retiring trustees Mrs. E. R. Pelly and Dr. C. B. Holmes have announced they will again be candidates. The election, also by popular vote, is set for Dec. 8, and while no challengers have declared as yet, nominations can be made up to Nov. 28.

The city's third trustee, E. C. Sladen, who is chairman of the board, has another year to serve on the board before his term expires.

There is a possibility that the city would be entitled to have a fourth member on the board since

## Minister Tells Men's Club Of Mission Work

RUTLAND — Rev. Elliott H. Johnson visited the 1st Rutland Birdsall of the First United Troop meeting at the High School Church, Kelowna, was the speaker, gymnasium on Monday evening at the monthly supper meeting and presented a number of

the Rutland AOTS Men's Club badges to members of the troop, this week, and gave the members and spoke some words of encouragement. He also presented a number of new Scouts, and an outline of a visit to the United Kingdom to the new Scouts, and Church churches and missions on congratulations to the older ones, the British Columbia coast.

The talk was illustrated with Four 1st Class badges were presented to the following: Patrol Leaders Peter Schierbeck, Robt. Stewart south to the western coast of Vancouver Island, served by the United Church, Rescuer badges went to P. Schierbeck, R. Daniels and R. Whittaker, and Second John Whittaker.

Swimmers badges to Sec. John Whittaker and Scout David Daniel. Camp Cook badges to PL George Hayashi and PL Robt. Daniel. After the regular meeting Scoutmaster Bert Chichester showed some fine colored slides of recent trip to the Kootenays.

The Rutland Board of Trade executive met on Wednesday evening in the Fire Hall annex and finalized plans for Remembrance Day at Rutland, and arranged for a general meeting, with supper, to be held Wednesday, Nov. 23.

Speaker for the meeting is to be obtained by President Hugh Fitzpatrick. Notice of motion to change the name of Chamber of Commerce will be presented at the annual meeting in January.

### SCOUTS VISITED

District Scoutmaster Terry

### SCHOOL BOARD BRIEFS

E. E. Hyndman, B.C.'s chief inspector of schools and J. M. Panton, department of education, director of community recreation, will attend the Okanagan Physical Education Workshop planning committee meeting to be held in Kelowna, Nov. 23.

This was stated at a meeting of Kelowna and District School Board, Thursday, by Frank J. Orme, superintendent of schools, here, who added that the workshop for teachers of slow learners, which had also been planned for Kelowna, will be postponed for the present.

J. R. Hume, chairman of the building committee, stated work has now commenced on the two extra rooms which the board decided to include in construction of the new Dr. Knox Junior-Senior High School.

Fred Macklin, secretary-treasurer, reported on correspondence with the department of education as to the financing of these rooms. He said it has not yet been decided whether the money can be obtained through section 217, which allows for emergency building, or whether it must come

from the referendum contingency fund.

Members of the board have been invited to a band concert to be held in Kelowna High School, 8 p.m. Wednesday.

T. R. Carter, chairman of the repairs and maintenance and grounds committee, said discussions have now started with property owners whose lands adjoin Ellison Elementary School in an effort to define firm boundaries.

He stated a "bit of give and take" will probably be involved for all concerned.

The board has thanked the Westbank Board of Trade for its offer to support improvements at George Pringle School further discussions on the matter will be entered into by the two bodies.

The question of purchase of a cabin located on the Joe Rich school grounds, or of facilitating the owner towards clear title and access, has been turned over to the building committee.

### School Union To Seek Amendments In Local Contract

The Okanagan Valley School Employees Union wishes to have amendments made for 1961 to its strip involved, with Kelowna and District School Board.

Fred J. Macklin, secretary-treasurer of the union, read a letter from the union at a board meeting, Thursday, in which it was stated the union would be seeking a review of working salaries among other matters.

The board agreed that a meeting should be arranged with the union as soon as feasible.

The union represents janitors and maintenance personnel.

Glenmore has become a part of it.

The question has been submitted to the minister of education, and if he acknowledges the city's claim, then Glenmore's incumbent trustee, J. R. Hume, would have to resign as he is a resident of North Glenmore—outside the new city boundary.

The following is a list of the areas' representatives, recently elected or to be appointed:

Okanagan: D. F. Elliot and A. Claridge. Winfield: Ross McDonagh, R. C. Moody (to be appointed) and A. G. Pollard, (trustee).

Okanagan Centre: J. L. Richards. Kelowna: F. C. Marchbanks (to be appointed).

Westbank: R. E. Springer, W. R. Potter and J. W. Maddock (trustee).

Lakeview: Mrs. W. H. Reed (to be appointed). Ellison: W. T. J. Duluain. Rutland: Black Mountain: M. W. Marshall, J. G. Morrison and C. D. Buckland (trustee).

Joe Rich Valley: Mrs. Inez Philpot. Benvenuto: A. Hardy, Junior. Mission Creek: E. C. Muford. Okanagan Mission: L. G. Wilson and T. B. Upton.

East Kelowna: E. G. Blackburne and T. R. Carter (trustee). South Kelowna: N. Taylor. Five Bridges-Guisachan: C. D. Cameron and G. Ueda.

### PLANNED FINANCING

Most of us hanker after something or other to make life a little easier and more interesting for the family... a dishwasher, a Hi-Fi set, a piano, a new car, a winter vacation... things we think about but seldom have enough ready-money to afford.

A problem? Well, it needn't be. The Bank of Montreal Family Finance Plan is providing the means for Canadians from all walks of life to finance the things they want. It can put a stop to the strain of endless calls on your income. With a low-cost, life-insured loan from the B of M, all the purchases for your home and family can be planned around one single monthly payment, tailored to suit your income. An FFP loan also helps meet the unexpected expenses that crop up in the best-run families.

Next time you're near the Kelowna branch of the Bank of Montreal, drop in and ask for details. You'll find a member of the loan department ready to discuss your financial requirements—in confidence of course.

### Finding God?

It's good we don't have to find God. We'd be willing to be found.

Much of the thinking and writing today is about finding God. Some would have us look for him in over-stimulated minds or in dulled or tranquilized bodies. Some say we find God by becoming successful rodents in the rat-race; others recommend escape from it.

But it's God who finds us. Our part is to be willing to be found. The ancient story in Genesis tells that when man and God are separated or estranged it is God who searches him out and calls: "Where are you?" Search ends and encounter begins when man admits he was trying to hide, and that the reasons were not noble.

A good deal of our so-called search for God is really a frantic or sophisticated cover-up for the fact that we don't want to be found. Standing in the midst of our pet ideas we don't want Him to find us, for then we'd have to stop worshipping our minds. Surrounded by people we've wounded or insulted or used we don't want Him to find us, for then we'd have to stop worshipping our own "superior" cleverness and strength. Wrapped in layers of security we hide from Him lest He makes us see that no amount of earthly security can take the place of a face-to-face relation with Him.

There comes a day when we realize that our minds are not clever enough to with-

stand the inroads of meaninglessness. Or we finally see with horror that no amount of water or ritual will wash away the shame of having damaged other lives. Or maybe it is the vivid discovery that there is no security against death.

As we look about upon our crashed world, we hear a question from One who has long been searching for us: "Where are you?" Even at that moment pride may make us unwilling to be found. But gazing again at the results of self-worship, we may abandon foolish pride, and say: "Here I am." In that moment of willingness to be found, there is a joyous fusion of all the warring bits of self, and our wholeness begins. If we are willing to stay "found" He will develop that wholeness toward the maturity we see in Jesus. Mind is freed from worship of itself; emotion is purified and unified by the overwhelming desire to worship and serve Him.

Having found you He sends you: to be voice for Him, mind for Him, hands for Him, heart for Him. He sends you that other people, rather than waste themselves in false search, may let themselves be found.

Because He found you and sent you, you grow in real maturity, you say: "Now I'm beginning to be myself." He who found you, has found you not only for Himself, but also for yourself. — REV. ELLIOTT H. BIRDSALL, M.A., B.D., B.D., First United Church, Kelowna.

## Surprise in Puerto Rico

One of the most amazing results in the recent voting in the United States and its dependencies was the result in Puerto Rico. There was no election for the presidency there as it is not a state. However there was an election for governor and a slate of local officials. The incumbent governor, Luis Munoz Marin and his party won a smashing victory. This is the surprising result.

Three bishops had issued pastoral letters declaring that any Roman Catholic who voted for Marin and his party was committing a sin and could be subject to excommunication. The letters advised that all Roman Catholics should vote for members of the new Christian Action (Catholic) party which had been organized by the church to fight Marin's Popular Democrats.

The action of the bishops had two results. The first was that the letters almost upset the campaign of Senator John Kennedy, a Roman Catholic, who had declared that if elected president he would not be influenced by the church. The letters caused consternation in the Kennedy camp because the action of the bishops was just that which

Kennedy had declared could not happen. However, repudiation of the bishops' action by Roman Catholic bishops in the United States itself smoothed the Kennedy road.

The second result of the letters was surprising. Puerto Rico is solidly Roman Catholic. All other sects do not account for even an infinitesimal part of the population. Yet something like 65 per cent of the voters chose to ignore the bishops' instructions and voted for the Popular Democrats. They chose to commit a sin (in the eyes of their bishops) and to chance excommunication. The Puerto Ricans apparently reacted just as did their fellows in the United States: they did not like being dictated to as to how they should vote.

This result in Puerto Rico can not be considered other than a good thing. It will do much in future years to allay any apprehension about a Roman Catholic running for the presidency or any other office. It was a demonstration that the people wish to make up their own minds and to vote as they believe wisest, regardless of advice or from whence it comes.

## Irish Develop A Thirst For Industry And Exports

By DAVE OANCI

Canadian Press Staff Writer

DUBLIN (CP)—The Irish have developed into a people with a thirst for industry and export trade.

This is not surprising, for in the Republic of Ireland the government is giving the greatest emphasis to a development drive aimed at stemming the still alarmingly high flow of emigrants and boosting low social service and wage levels.

The program is beginning to bear fruit. Irishmen are beginning to talk more confidently about better times ahead — although they realize they still face a long struggle.

There are signs that the economy is reaching a take-off point towards self-sustaining growth. Senior officials and economists feel the nation is on the verge of a "considerable wave" of industrial expansion that could continue for at least a decade.

**CAPITAL INVESTMENT UP**

Foreign investment that was a trickle over the years has swollen into a stream. Since 1955 almost \$75,000,000 has been pumped into factory construction and various development programs.

By the end of this year it is expected that the number of new factories may be double that for each of the two previous years. This would push to more than 100 the number of new plants since 1952.

Their success is reflected in steadily rising overseas sales. During the first half of 1960 exports totalled \$101,000,000, up more than \$23,000,000 from the same period a year ago.

The most striking sales increases are in manufactured and processed goods, oils, fats, fertilizers, chemicals and perfumes — new fields for a nation that in the past was largely an exporter of farm products and livestock.

**ECONOMY SURVEYED**

The 1959 Economic Survey, a general statement of aims for a five-year period, outlined a program designed to "release the dynamic of progress" by stimulating capital spending.

Government spending is being diverted as much as possible from social needs to productive projects. The plan also provides for a 10 per cent increase in farm income by 1964.

But to increase employment more directly, the main emphasis

is to be on the development of industry and exports, and on attracting more foreign investment.

"We are particularly interested in attracting Canadian and American investment," says Prime Minister Sean Lemass, who as industry and commerce minister piloted the nation's economic programs for almost a quarter of a century.

**ADVANTAGES OFFERED**

"We think we have many advantages to offer. We have similar ways of life and there is no language problem. The attractions of Ireland as a site for industry include generous government grants, tax-free export profits, a plentiful supply of industrial labor and a chance for a stake in both the emerging European trading blocs and the Commonwealth — where Ireland enjoys preferential trading arrangements.

Lemass noted that one Canadian mining company has been producing a steady flow of copper — all for export — from a deposit south of Dublin. Other Canadian companies are doing exploratory or preliminary development work in a number of areas with indications of mineral deposits.

The feeling in Irish trade circles is that there is plenty of room for trade expansion between Ireland and Canada. They have been doing business under the same trade agreement since 1932 — an indication of the good relations between the two countries.

"There is no doubt that the trade agreement is a great advantage to us," the prime minister said.

**CANADA BENEFITS MORE**

But actual trade between the two countries is very much in Canada's favor. Last year the Canadians sold the Irish roughly \$10,000,000 worth of goods and bought about \$3,000,000 from them. Ireland's exports to Canada have been rising steadily over the years, however. The 1959 figure is more than double that of 1954.

This drive for industry and exports is aimed at providing jobs for the Irish at home. Through emigration the republic loses 35,000 people a year — mostly to Britain, but some to Canada and the U.S. — against a natural increase of 25,000 annually. The population now is about 2,850,000.

Most of the emigrants are

young and the republic runs the risk of becoming a nation of old people.

Unemployment is a chronic problem. Current estimates are that almost seven per cent of the labor force of 1,200,000 is unemployed.

But the tide appears to be turning. One of the projects helping to accomplish this is the Shannon Development Authority. This was launched when the \$35,000,000 airport and its 1,800 employees were faced with the fact that the newer transatlantic aircraft no longer have to stop there to refuel.

Behind the runways of this duty-free airport eight new factories have been established by manufacturers from the United States, Holland, Britain, Japan and West Germany. Bids for 18 other factories, being built or already built by the Authority, have also been received.

These industries import parts by air and export products by air and are doing it successfully with articles ranging from transistor radios (being shipped to Canada) to floor polishers and planes. A housing project has been started to provide accommodation for a population expected to reach 6,000 within five years.

## Northern Ireland Mounts Drive To Expand Basic Industries

During a tour of Northern Ireland, Dave Oancia of CP's London bureau talked with businessmen and government officials about efforts to build up the nation's industrial base. In this story he reports on the campaign to make Northern Ireland attractive to foreign capital.

By DAVE OANCI

Canadian Press Staff Writer

BELFAST, Northern Ireland (CP)—Thirteen years ago, a Canadian textile firm and a British financier teamed up to start making women's hosiery in a factory at Enniskillen, overlooking picturesque Lough Erne deep in the heart of North "Ireland."

Their decision puzzled many and there were some who doubted that the operation would ever be profitable. Raw materials had to be brought in and the finished product had to be shipped to markets hundreds of miles away.

But the scotters soon were having second thoughts. The company, Taylor Woods Limited, expanded twice — once in 1955 and again a year later. It now provides jobs for 750 and pumps about \$15,000 a week into the local economy.

This is one of scores of business success stories resulting from Northern Ireland's drive to diversify and expand its industrial base. The goal is to cut unemployment and provide a cushion against a feared recession in the shipbuilding and aircraft industries.

**MANY NEW FIRMS**

Since 1945, when the commerce ministry started its campaign, more than 150 companies have started operations. They turn out products ranging from petrochemicals to oil well drilling bits, turbines and spectacles.

A measure of the campaign's usefulness is that unemployment has been trimmed from a high of almost 50,000 in 1952 to about 30,000 — still a worrying six per cent of the total number of workers.

"We picked Northern Ireland because its government offered us more help than any other," says M. B. Hughes, the British managing director of the hosiery-making firm once controlled by York Knitting Mills of Toronto.

Hughes said his firm was influenced by existence of an untapped labor pool in the area 100 miles southwest of Belfast and the generous government incentives. The government built the factory to the company's design and provided it rent-free for the first five years. The firm now pays a rental of about 15 cents a square foot, compared with the going rate of about \$1 in the London area.

**FUEL SUBSIDIZED**

In addition, the treasury subsidizes coal and fuel costs and foots the bill for one-third of practically all capital expenditures.

"We regard this sort of help as a social investment—not as a commercial proposition," said a high-ranking official in Belfast. "The rents are fixed and the grants made, not with the idea of giving us a return on our investment, but with the goal of attracting more industry to provide more jobs."

A few investors, notably the du Pont Company, do not take advantage of the available grants. This American corporation this year opened a neoprene plant at Londonderry, an operation that provides jobs for 400 persons in the area.

"We didn't get any grant or subsidy," said works manager John Weyrich, a soft-spoken American. "But the commerce ministry was a tremendous help in assisting us to meet requirements for good transportation for raw materials and products, plentiful water and power supplies."

**TOUGH TIMES AHEAD**

The importance of Northern Ireland's drive will almost certainly become obvious in the next year or two. Difficult times appear to be looming in the industries that, historically, have been the most important.

The linen industry has been forced steadily since the war to cut its work force, now 35,000. The trend in agriculture is towards larger units and increased mechanization, pushing farm workers into the industrial labor market.

But the big worries are over the future of aircraft and shipbuilding. Employment in the aircraft industry dropped steadily from a peak of 20,000 during the war to its current level of about 8,500. Recently a four-day week was started as orders for planes dwindled.

Shipbuilding has held up well since the war, but the world sur-

plus of shipping is discouraging new orders.

**RECESSION FORESEEN**

"The outlook here is good for at least the next 12 months," said Dr. Dennis Rebbeck, deputy managing director of Harland and Wolff Limited — one of the world's largest and most versatile building and repairing organizations. "But after that, work will thin out a bit and we'll feel a recession for a couple of years. We're getting down to rock-bottom, pre-war realities again."

The Northern Ireland government is worried. Lord Brookeborough, the prime minister, has been shuttling between Belfast and London in an effort to get avert a serious recession in the some British aid that would two industries.

Rebeck said his company is making every effort to provide alternative employment for his labor force, now totalling roughly 22,000.

**BUILDING LUXURY LINER**

"But the stark, horrible truth is that 2,500 men are working on a ship like the Canberra," he said. "It will take one hell of a lot of diversification to provide jobs for all of them when she's launched."

The Canberra is a luxury liner due to be launched next year for the run to Australia and across the Pacific to the west coast of Canada and the United States.

Senior government officials are confident, however, that the industrialization program will help maintain the current wave of prosperity in Ulster.

"The program hasn't wiped out unemployment and it is not yet large enough to cope with any serious dislocation in our basic industries," said one. "But this much is certain: If it hadn't been started, we'd have far more serious problems than we have now."

## WORLD BRIEFS

**LURES TOURISTS**

VICTORIA (CP)—A new winter advertising campaign in Western Canada will bill southern Vancouver Island as the "Mediterranean area of Canada."

Tourist commissioner William Hawkins.

**TOUGH COOKIES**

WILLENHALL, England (CP)—Members of a Staffordshire girls' netball league have been warned by the league secretary that they will be expelled if they are heard swearing during a match. He said some of their language would shock dockers and miners.

**SAFETY CHECK**

AYLESBURY, England (CP)—Police toured Buckinghamshire towns looking for a refrigerated truck, after the owner reported the catch was broken on the door of the cold compartment and the driver might get himself locked in. After an hour's search the driver was found free and warm.

**OLD HOMES**

TOKYO (AP)—Remains of two cave-dwelling dwellings dating back about 5,000 years to the late Neolithic period have been unearthed near Shikuan in China's Kwangtung province, Peiping Radio reports.

**NEW FREEWAY**

MEXICO CITY (AP)—The final five-mile stretch of a freeway connecting the southern fringes of the nation's capital with the main square and the downtown business section was opened to traffic recently. The 10-mile freeway cost about \$12,000,000.

**CANADIAN POPLARS**

About eight varieties of poplar trees are native to Canada, among 20 species in various parts of the world.

## OTTAWA REPORT

### Canada Owes Rhodes A Debt

By PATRICK NICHOLSON

The fraternity of Rhodes scholars has attained unmatched heights of ability and achievement in our national affairs.

Especially here in Ottawa, one sees the immense benefit conferred upon Canada as just one of the countries helped by the well-spent fortune of that towering visionary, Cecil Rhodes.

Born in England 107 years ago, he emigrated as a young man to South Africa, dreaming dreams of peaceful and prosperous world-empire benignly governed by Great Britain. He did not live to see his dreams fulfilled, but many people today would agree with his basic idea of world government, preferring a "bax British" to a Russian cold war.

Before he was 45 years old, Rhodes had become prime minister in his new homeland, a multi-millionaire, and had been convicted by the British parliament of grave breaches of duty in government.

Yet he went on to open up that huge country named after him, Rhodesia, before death ended his life short of 50 years.

**GIFTS TO FUTURE**

He left nearly all his immense fortune of \$30,000,000 to benefit mankind, his chief benefaction being to set up the Rhodes Scholarship Trust. This provides for graduates from nations of the British Commonwealth, U.S. and Germany to be selected each year to enjoy further honing and polishing of their intellect at Oxford University in England—leading, he hoped, to a career of public service.

In Canada, his foresight and wishes are amply fulfilled. Eleven young Canadians are selected each year, from among some 300 candidates, for the two-year scholarships worth \$2,100 a year.

That high accolade "Rhodes Scholar" is a cachet which lifts its winner above his classmates and hallmarks him throughout life. As a group, they are admired, liked and successful among their fellow-students at Oxford.

In the 56 years since they were first granted, some 560 Canadians have won these awards. Of these, about 430 are still living in Canada or near the top.

Over 60 have died, including a number who gave their lives in two world wars; 40 have emigrated to U.S.A. and 30 elsewhere.

**STARS IN GOVERNMENT**

More than 80 Rhodes scholars are college professors and teachers, including some at the very top and many qualified as lawyers or doctors. An equal number practice law, or have been elevated to be judges.

The third largest group, fulfilling the founder's hope, have entered the public service, and 30 are in our diplomatic corps, including as Canadian ambassadors abroad Arnold Heeney in U.S.A., Escott Reid in Germany, David Johnson in Moscow, T. W. L. McDermott in Canberra and Arnold Smith in Cairo.

Many in other branches of the civil service include four of our best deputy-ministers: Norman Robertson, John Baldwin, Gordon Robertson and David Gold-

den. Rhodes scholars prominent in government agencies include J. E. Coyne and J. R. Beattie, Governor and Deputy-Governor of the Bank of Canada; and C. Rhodes Smith, chairman of the Canada Labor Relations Board.

Rhodes scholars in politics have made an outstanding name for themselves: Justice Minister David Fulton, Commons Speaker "Rolly" Michener, Jim Macdonnell who is a former Defence cabinet minister, Solicitor-General W. J. Browne, Senator J. G. Higgins and Parliamentary Secretary Marcel Lambert. And in provincial politics: ex-premier J. B. McNair of New Brunswick and E. B. Joffe, former CCF leader in Ontario.

Other notable Rhodes alumni include D. R. Campbell, who was appointed head of the department of agricultural economics at the Ontario Agricultural College at Guelph; Supreme Court Justice Ronald McMillan; National Hockey League president Clarence Campbell; and Prime Minister Diefenbaker's new assistant Lionel Gelber.

Stand on Parliament Hill; whenever building you look at, there will be a Rhodes Scholar at or near the top.

## Mac Establishes A Formidable Dynasty

By M. McINTYRE HOOD

Special To The Daily Courier

LONDON — Family ties, it would appear, play an important part in the gaining of preferment in the political life of the United Kingdom. That is the comment coming from many sides coincident with the promotion of high office of members of the family of Prime Minister Macmillan and Lady Dorothy Macmillan.

An examination of the list of those in high places makes it appear as if a formidable dynasty has been built up around Mr. Macmillan and his charming wife. This all came out into the public press when he announced the appointment of his son-in-law, Julian Amery, MP, to be minister for air, and of his nephew, the Duke of Devonshire, to be under-secretary of State for Commonwealth Relations. The man whom Mr. Amery displaced, George Weir, and who has now become a viscount, is also a kinsman of Lady Dorothy Macmillan.

By the time all the family members, relatives and connections prominent in political life are set down, it makes quite a formidable list. David Ormsby-Gore, minister of foreign affairs, has a sister married to the prime minister's son, Maurice, who is also an MP, and was given by his father the task of moving the address in reply to the speech from the throne in the House of Commons. Sir Reginald Manningham-Buller, attorney-general, is related by marriage to Lady Dorothy. Lord John Hope, MP, minister of works, is another of her kinsmen.

In fact, the kinsmen and family connections of Lady Dorothy Macmillan include many notable political figures. That Tory elder statesman, the Marquis of Salisbury, is in the list. Other kinsmen are Lord Balfour, MP, Lord Lumb, MP, Nigel Birch, MP, Lord Stuart of Findhorn, former secretary of state for Scotland, who is a brother-in-law, Sir Godfrey Nicholson, MP, and Mrs. Evelyn Emmet, MP, is connected with the family by marriage.

Among other noteworthy public figures closely related to the Macmillan family are Lord Lansdowne, who is a cousin of Lady Dorothy, and Cameron Cobbold, Governor of the Bank of England.

And, in view of the United States presidential election, perhaps the most important relationship of all is found in the fact that Senator John Kennedy, the new president, is also a kinsman of Lady Dorothy Macmillan. It could be quite a family party when the Macmillans and the Kennedys get together.

# New Equipment for School

The commercial class room of Okanagan Academy, Rutland, has just been equipped with new fibreglass and steel typing desks. This marks the second step in improvement in the past two years. Thirty-five class room desks of similar design and eight elementary units having been purchased during last school year.

This is the forty-first year of operation of the Okanagan Academy in the Rutland district. This school is conducted by the Seventh-day Adventist Church and employs eight teachers. It follows the provincial curriculum for grades home to twelve. In addition to these subjects a Bible class is conducted for each

grade. Mr. A. Warren Matheson, principal, arrived last year having previously been employed as teacher and administrator in Seventh-day Adventist schools in Southern California for a period of ten years.

The school enjoys interesting lectures, musicals, educational, and travel films during each school year. Last weekend the

auditorium was filled to capacity when students and friends spent an enjoyable hour with Mr. John Edwards watching his film on wild life at Lonesome Lake in Northern B.C.

John Edwards, son of Ralph Edwards, the Crusoe of Lonesome Lake, was a school mate of Principal Matheson at Canadian Union College, Lacombe, Alberta.

## HYMN OF PRAISE

By NEWMAN CAMPBELL

A Psalm expressing love and gratitude to God as are Psalms 116 to 118 form what is called the Hallel, meaning a hymn of praise. From the word comes our word, "Hallelujah," a Hebrew word meaning "praise to God," which is found transliterated (the sounds in one language by the alphabetical signs of another), the dictionary says.

"The Hallel is sung at the three great festivals of the Jewish people—the Passover, Pentecost, and the Feast of Tabernacles. It was probably sung by our Lord and his disciples before they left the upper room on the way to the Garden of Gethsemane, on Thursday night of Passion Week (Matthew 26:30; Mark 14:26)."

Peloubet's Select Notes," by the Rev. Wilbur M. Smith.

"I love the Lord, because He hath heard my voice and supplications. Because He hath inclined His ear unto me, therefore will I call upon Him as long as I live."—Psalm 116:1-2.

"The sorrows of death compassed me, and the pains of hell gat hold upon me: I found trouble and sorrow. Then I called upon the name of the Lord; O Lord, I beseech Thee, deliver my soul."—Psalm 116:3-4.

"Gracious is the Lord, and righteous; yea, our God is merciful. The Lord preserveth the simple: I was brought low, and He helped me."—Psalm 116:5-7.

"Return unto thy rest, O my soul; for the Lord hath dealt bountifully with thee. For thou hast delivered my soul from death, mine eyes from tears, and my feet from falling. I will walk before the Lord in the land of the living."—Psalm 116:8-9.

## Our Experience of God

## ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buoscher

Scripture—Psalms 116; 117; 118.

"I love the Lord, because He hath heard my voice and my supplications. Because He hath inclined His ear unto me, therefore will I call upon Him as long as I live."—Psalm 116:1-2.

"The sorrows of death compassed me, and the pains of hell gat hold upon me: I found trouble and sorrow. Then called I upon the name of the Lord: O Lord, I beseech Thee, deliver my soul."—Psalm 116:3-4.

"Gracious is the Lord, and righteous . . . The Lord preserveth the simple: I was brought low, and He helped me. Return unto thy rest, O my soul, for the Lord hath dealt bountifully with thee."—Psalm 116:5-7.

"Thou hast delivered my soul from death, mine eyes from tears, and my feet from falling. I will walk before the Lord in the land of the living."—Psalm 116:8-9.

GOLDEN TEXT—Psalm 118:1.

## Seventh-day Youth Rally

An International Youth's Rally of the young people of the Okanagan Valley and eastern Washington Seventh-day Adventist churches will be held in the auditorium of the Penitentiary school on November 13. There will be speakers from both sides of the border.

The services are as follows: 9:45 a.m. Bible Study by Pastor W. E. Kuester, 11:30 a.m. Sermon by Pastor C. M. Bunker, director of Eastern Washington Conference, 2:30 p.m. Okanagan Academy Choir (special numbers), 4:00 p.m. Youth Leaders of British Columbia and Western Washington—Pastors F. W. Baker and A. J. Reiss, 7:00 p.m. Color movie and program of Atlantic City Youth's World Congress.

## "Words" Lose Their Meaning Says Minister

"Words," says Rev. Elliott Birdsell of First United Church, "tend to lose their meanings."

"Then we must either discard them or else rediscover the experience to which they once referred and use them in such a way that reality shines through them afresh."

On three Sunday mornings Mr. Birdsell will examine four words which, in his opinion, are often used glibly but with little content. The sermon titles will be: "Does love mean anything?", "Does spirit mean anything?", and "Do right and wrong mean anything?"

**CGIT NEWS**  
Canadian Girls in Training of Kelowna and district, with their leaders and also Explorer leaders are gathering to welcome Miss Alice M. Philip on Sunday.

The climax of the day will be Evening Worship in First United Church when Canadian Girls in Training will assemble from Rutland, Benvoulin, St. Paul's and First United.

Miss Philip, who is Girls' work secretary, will give the address, and praise will be led by the Senior Girls Choir, which includes many C.G.I.T. girls.

## United Church Brings 154 To Canada

Forty-seven congregations of The United Church of Canada have sponsored the entry into this country of 154 persons under the World Refugee Year project, according to figures compiled by the Canadian Council of Churches. Families as well as individuals are included in the total.

In addition to participating in World Refugee Year, The United Church of Canada, through its Overseas Relief Committee, recently approved a \$10,000 donation to the Congo and \$150,000 to the World Council of Churches for overseas projects.

In answer to an appeal for blankets for Algerian refugees, 15 tons have been sent to Greece and Tunisia by the United Church, and a campaign to provide additional blankets is to be announced in the November 15th issues of The United Church Observer, The United Churchman, and the December Missionary Monthly.

## CANADIAN BRIEFS

**ROYAL NAME**  
WESLEYVILLE, Nfld. (CP)—A 350-ton ocean-going wooden vessel, named the Prince Andrew after Queen Elizabeth's infant son, was launched here for service between Newfoundland and the West Indies.

**PROMINENT TARGET**  
ST. JOHN'S, Nfld. (CP)—Attorney general Leslie Currie claims that juvenile delinquents are operating in broad daylight. His house was entered in mid-afternoon and several articles were stolen, including a valuable gold watch.

**FROZEN BAIT**  
ST. JOHN'S, Nfld. (CP)—Frozen blocks of caplin about three feet square and two inches thick are being sold as bait to foreign trawlers for the first time. It's an experiment to see if cod will be attracted to caplin. Normally the bait for cod is squid and mackerel.

# the BOOK for EVERYONE

## WORLDWIDE BIBLE READING

AMERICAN BIBLE SOCIETY

Yes, faces are different the world over. But hearts have a common hunger. For Hope . . . Life . . . Truth.

Therefore, expressing the fervor of the citizens and churches of this brave, free land, the American Bible Society has sought for 144 years to translate and distribute the Scriptures for every nation and tribe.

Many local congregations, directly or through their denominations, are supporting this vital work. In addition, the suggested readings which appear regularly in these advertisements are provided by the American Bible Society, and reach you as another contribution of American citizens and churches to this important cause.

You see, worldwide Bible reading is the simple, practical expression of one of our fundamental convictions: *The Bible IS the Book for Everyone.* Tonight—at the dinner table or in a quiet moment—millions of American homes will put that conviction into earnest, reverent, daily practice! Will yours?

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Luke	4	16-20
Monday	Psalms	24	3-6
Tuesday	I Timothy	3	14-17
Wednesday	Romans	9	27-28
Thursday	Psalms	119	105-106
Friday	I Timothy	4	13-16
Saturday	II Corinthians	4	14-16

WOOL KNIT ENSEMBLE

Fashion's favorite this fall is the three-piece wool knit ensemble. The clean-cut jacket and trim skirt come in such desirable shades as copper, ruby, red, spruce green and medium gray and are teamed

with a tweed pullover in matching tones. An outfit of this type is ideal for travel, for the country and for casual town wear, since it is smartly styled but eminently practical.

## Fashion's Latest Gimmick Everyone Is Wearing Them

LONDON (CP) — Trousers, something lighter, such as tulle or chiffon.

For mothers-to-be, trousers and matching tops are recommended as being functional and elegant for any time of day.

Probably the newest idea in the trousers trend is the one-piece outfit with built-in blouse.

Even the old tried and true types are getting a new look. Dungarees now are being made in heavy tweed for cold weather or country wear.

Women are told that trousers in such materials as velvet or satin foster the long-legged, feline, seductive look.

A good figure looks even better in a pair of well-fitting pants, whether narrow, bell-bottomed, ankle-length or knee-length. The problem of wide hips can be overcome by a long tunic or an over-skirt.

The only sphere as yet untouched by the suggestion of trousers is the office. But judging by the growing trend, secretaries in slacks may yet take dictation from men bewildered by the fact that everybody in the family wears the pants.

Also for evening wear is the pants-plus-overskirt idea. The latter can be made of the same material as the trousers, or of

## Let Tot See Pictures As You Read To Him

By GARRY CLEVELAND MYERS, Ph.D.

You who have read to your own child under five or six know that he likes to look at the illustrations of the story or rhyme as you read. Indeed, he first listened while you read, as a rule, by looking at pictures as you read about them.

As he looked, what you read took on more meaning and interest for him and, as he listened, the pictures grew more attractive.

For reading to this young child, you selected books with many illustrations.

The older this child grew, the less important the pictures became for holding his interest.

There came a time when he would listen to stories although he could see no pictures.

PREPARED TO LISTEN

The child read to for months and years before entering kindergarten or first grade is prepared to listen eagerly to stories read by the teacher. Yet one disadvantage children have, when read to in groups, is their inability, as a rule, to see the pictures.

Often the teacher pauses and holds up the open book for the children to see the illustrations.

A study was reported in the "Journal of Educational Research" in 1938 by Dan Cappa, entitled "Kindergarten Children's Spontaneous Responses to Story-books Read by Teachers."

FINDINGS OF STUDY

Number of children studied: 2,500. Findings: The most noted spontaneous response was the desire to look at the book read, especially the pictures in it. This squares with common sense and your own observations.

From information I have gathered firsthand and from scattered reports here and there, I conclude that reading to children in groups from the nursery school up through the grades, even in high school, is greatly on the increase in recent years. You and I see his possible values from this practice.

As I have said in this column before, reading to children in the nursery school, kindergarten and primary grades could be made much more effective if often the group contained no more than four or five children, who could

rather easily look at the illustrations while being read to.

ENLISTS MOTHERS

An occasional teacher enlists the voluntary services of mothers, each mother reading to a small group.

I once knew some teachers who made arrangements with the principal to borrow some good readers from the third, fourth or higher grades to read to small groups in the kindergarten or first grade.

PROFITS BOTH PARENTS

For some children in the upper grades who read poorly in their own grades, but can read well from books, easy enough for young children to listen to, this could be a profitable experience for both reader and listener.

Often I have entreated parents to induce the child, who at eight or ten is a poor reader, to read to a very young child.

ANSWERING PARENTS' QUESTIONS

Q. We can't see why our son, five, is so selfish. We try to set him a good example of unselfishness.

A. At any time his dad or I would go without dessert so he might have a second.

A. Your unselfishness when he is on the receiving end makes him more unselfish. Let him see you being unselfish to other persons.

SALLY'S SALLIES

"You want to see me once a week. Doctor. For my tooth?"

"I rode in the stamper while I was there," said Mrs. Heikilla.

A conscientious mother, she is proud of the fact that Wendy and Linda have kept up with their studies by correspondence.

"They study their lessons while they're riding the horses or sitting in the wagon, and then we stop for a couple of days while they complete their lessons."

Mrs. Heikilla said the family will start up the Alaska highway in spring with three wagons and about 15 head of horses because "horses are quite a bit cheaper here than they are down below."

## AROUND the TOWN

Guests of Mr. and Mrs. Campbell Earle are their daughter-in-law Mrs. Lorne Earle with her daughter Sandra and new son Scott who was born on November 1st. Mr. Lorne Earle has recently been transferred from Penitentiary to Vancouver where they are now making their home. Also visiting Mr. and Mrs. Campbell Earle are Mrs. Earle's brother-in-law and sister Mr. and Mrs. Ward Miller from Seattle.

Mr. and Mrs. Roy Pollard, Mr. and Mrs. Maurice Meikle and Mr. and Mrs. Richard Stewart Jr. drove to Penitentiary last weekend to attend the Penitentiary Gypsy Installation Ceremonies.

Mr. and Mrs. C. E. Metcalfe have returned from a motor trip to the States. On their way back they toured through the Kootenays, and when in Kinnaird were guests of Mr. and Mrs. Claude Bissell.

Mr. and Mrs. Arthur Jackson have returned from a trip to the coast where Mr. Jackson attended the executive meeting of the Union of B.C. Municipalities in Vancouver as representative of the interior.

A son, Brian Ernest, eight pounds and three ounces, was born to Mr. and Mrs. Richard E. Basham in Grace Hospital Vancouver on October 26. Mrs. Basham is the former Audrey Shelley, daughter of Mr. and Mrs. A. G. Shelley, Bertram Street, Kelowna, and Mr. Basham is from Penitentiary. At present Mr. and Mrs. Basham live at 2358 York Avenue, Vancouver.

Mrs. Mervin Ritchey has recently returned from a month's visit to her parents Mr. and Mrs. Snowden in York, England, travelling both ways by jet. Dr. and Mrs. Mervin Ritchey are coming to Kelowna from Portland, Oregon, and Dr. Mervin has opened chiropractic offices in Kelowna.

Miss Barbara Gaddes has returned from UBC to visit her parents Mr. and Mrs. Charles D. Gaddes over the long weekend and is accompanied by her room-mate Miss Jean McFarlane of Calgary who is also attending UBC.

Miss Conroy Carruthers is home from UBC visiting her parents Mr. and Mrs. W. R. Carruthers over the long weekend.

Mr. and Mrs. J. A. Thompson have returned from a motor trip to California. Mr. Charles D. Thompson visited relatives in San Francisco and Palo Alto, and toured around the beauty spots of the Monterey Peninsula before returning home.

Mrs. E. M. Carruthers and Mr. and Mrs. Maurice Meikle recently enjoyed a motor trip to the coast.

Mr. and Mrs. J. A. Thompson have returned from a motor trip to California. Mr. Charles D. Thompson visited relatives in San Francisco and Palo Alto, and toured around the beauty spots of the Monterey Peninsula before returning home.

## MEETING MEMOS

Mrs. L. Broziel, co-convenor of immigration and Canadianization stated that there will be New Citizenship ceremonies on November 14. The Dr. Knox Chapter IOOE will serve coffee afterwards in the Willow Inn for the new Canadians. Mrs. J. McArthur and Mrs. J. Broziel at this ceremony and coffee party.

Mrs. C. Pettman reported on the superfluity shop. This shop is located in the Casorso Block and is open Thursday to Saturday from 2 p.m. to 4 p.m. It was reported that a lunch had been served at the regular meeting of the White Cane Club. Mrs. H. Johnson has been assisted by Mrs. J. McArthur and Mrs. E. Russell.

Mrs. R. Knox made a report on the meeting of the Local Council of Women and then installed Mrs. G. A. Friend as a new member of the chapter. It was decided to hold the December meeting of the Chapter at the home of Mrs. J. Gordon. This is to be a Christmas party.

At a meeting held the evening of November 9th, the slate of officers for the University Women's Club of Kelowna was elected. President, Mrs. J. W. Kelly; vice-president, Mrs. J. W. O'Donnell; secretary, Mrs. R. E. Bealisto; treasurer, Mrs. W. Greenwood; program chairman, Mrs. R. Dillabaugh; membership, Mrs. A. P. Pettypiece and publicity Mrs. Roy Chapman.

The December meeting will be held on the 14th will be a social gathering in the form of a Dessert Party at the home of Mrs. Edward R. Pelley, 334 Willow Avenue in Kelowna. All women university graduates who are interested are cordially invited to join the club.

The regular meeting of the Dr. W. J. Knox Chapter of the IOOE met at the home of Mrs. R. P. MacLean.

The meeting was called to order by the Regent, Mrs. R. Knox. The minutes were read by the secretary, Mrs. P. McCallum, and business arising from the minutes was discussed. The Bulletin from the Provincial Chapter was read. This gave a report on the semi-annual meeting of the Provincial Chapter held in West Vancouver on October 24.

It was decided to send a donation to the Canadian Eskimo Fund for a Community Hall in the Western Arctic. The Remembrance Day message from the National Chapter of the IOOE was read. The message has been distributed throughout all the schools in the province. A wreath will be placed on the cenotaph by the Regent, Mrs. R. Knox on November 11. The Educational Secretary, Miss Rosemary King, reported on the activities of this committee. It was decided to give Christmas gifts as usual to the pupils of the Black Mountain School.

Mrs. R. Ross, convenor of Services at Home and Abroad gave her report. She displayed the articles that go into the hospital kits. It was decided to make 20 kits to be sent to the Provincial Chapter for distribution in hospitals.

Mrs. Marguerite Johnson of Kelowna wishes to announce the engagement of her only daughter Joellen Louise to Mr. John Hewlett Broughton, only son of Mr. and Mrs. J. Broughton of Saint Catharines, Ontario. The wedding will take place on Thursday November 26 in the Chapel of the RCAF Station at Saint Sylvester, Quebec with Father Kelly officiating.

Mrs. Marguerite Johnson of Kelowna wishes to announce the engagement of her only daughter Joellen Louise to Mr. John Hewlett Broughton, only son of Mr. and Mrs. J. Broughton of Saint Catharines, Ontario. The wedding will take place on Thursday November 26 in the Chapel of the RCAF Station at Saint Sylvester, Quebec with Father Kelly officiating.

SHEER SOPHISTICATION

Black tulle is shaped by Jean Patou into an evening dress of sheer sophistication, yet one that is very wearable for many types of formal events. Jewel-embroidered black lace inserts mold the snug-bodice

and a wide band of the lace marks the waist. The asymmetrical hip-line is punctuated by a giant jeweled ribbon rose to complete a pretty sartorial story.

## Some Beauty Secrets For The Teen Age Tall Girl

"If I stand up it makes me so tall!" bemoaned a teen-age girl who is 5'9" tall at age 15. Tall girls, tune in.

First, let me pass along some assurance from tall girls who now glory in their height. "Tell your young teen-agers the only time they will mind being taller than average is in their early teens. In a couple of years, they'll like being tall."

Perhaps you won't believe a word of that promise. Here are some comforting statistics. Height-age charts reveal that girls between 11 and 14 are taller than boys their same age. But mark this, by the time the boys are 15 and 16, girls do not grow much taller. Boys grow in height until their early twenties. Your growth rate may vary from the average by one to three years.

In the in-between years, stand tall! Remember the story of the Ugly Duckling. Anderson's Fairy Tale? One duckling, being quite unlike the others in the brook, got a frightful inferiority complex and slunked away. Finally he found out he was a swan, very beautiful and graceful, and then he came into his own and was happy.

Girls, you won't find out that you are beautiful and graceful, if you get an inferiority complex about your height. A wise grandmother gave her tall granddaughter a needed lift by suggesting that she say to herself . . . "Somebody loves me, I'm beautiful, and I've got a secret!" Hold that bump of self-esteem on the top of your head very high! You are a swan, not an Ugly Duckling. Try and experiment. For one full week, act the part of a tall beauty. Think of yourself as being a tall, willowy model in the making. Sit, stand, walk, and move as if being tall were the very nicest thing that could have happened to you.

A movie starlet confided that she never knew the exciting difference confident posture could make until an eye-opening incident brought it to her attention. One evening she had gone into a restaurant in a tired, indifferent posture — and she didn't rate a glance.

The next day a director said to her, "You would be lovely if you

## WINFIELD

WINFIELD — The regular monthly meeting of the Farmers Institute was held in the club room of the Memorial Hall, there were nine members present and president Ralph Berry was in the chair.

A press report reference of the Community Planning Area which appeared in the Daily Courier was brought to the meeting, after much discussion on this matter, the secretary was instructed to write to the building inspector for the Kelowna regulated area to ask if the community planning area has gone into effect and if it includes Winfield. Other community matters were discussed and following the meeting a social period was held.

Mrs. M. Teel has left for Victoria where she plans to spend the winter with her daughter and family.

Mrs. W. J. Coe has returned home after an extended stay at the home of her son and daughter-in-law Mr. and Mrs. J. Coe of Penitentiary.

## SHARP CHANGE

Temperatures in southern Alberta may vary as much as 60 degrees between noon and midnight.

## 1/2 AWAKE Night 1/2 ASLEEP Days..

Many people never seem to get a good night's rest. They toss and turn in bed, then are dull and listless during the day. When kidney flow down water and excess acids stay in the system. Disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you feel dull in the daytime—use DODD'S KIDNEY PILLS. Then you feel better—rest better—work better. You can depend on DODD'S KIDNEY PILLS.

## UNBEATEN CUBS TAKE FIFTH

# Tun Wong Has Turn In Limelight

**Cubs 30, Red Devils 14**

Tun Wong, a snappy little China clipper, had a turn in the limelight Friday and as a result will probably be listed in coach Dave Sparrow's book of top halfbacks.

Wong, a shy but fearless young lad, ran across with two big touchdowns in leading his Kelowna Cubs to a resounding 30-14 triumph over a lack-lustre Kamloops High School troop.

The win assured Kelowna of at least a tie for first when all is wound up in the smooth-running Okanagan High School Football league.

The unbeaten Cubs meet Vernon Panthers next Saturday in the final game and a victory will give them an OHSFL championship, first in history.

### TITLE IN SIGHT

Sparrow, who made good use of his second string Friday, will be pressing hard for his sixth straight win and the league title.

Vernon is favored as the only team in the four-team loop that could give the Cubs a hard time.

When they met Kelowna last time they held a lead until only a few minutes before the game ended.

### VEES WIN 10-2

## Jump From Third To First Too Much For Vernon

**PENTICTON (CP)**—Vernon Canadians found the jump from third to first place too much to accomplish in one day and went down to their worst defeat of the season, 10-2 before the high-flying Penticton V's at Penticton before 1,350 fans.

The Canadians, who earlier in the day shutout Kamloops 2-0 at Vernon, finished Friday where they started—in third place four points off the pace set by V's.

The V's came out fast and took a 3-1 lead in the first period, repeated the performance in the second and added four unanswered goals in the final 20 minutes.

### BUD BLOOMS

Vernon Buddy Evans was the big man in Penticton's assault against Vernon. He scored four goals. Warren Hicks counted two and Ralph Boychuk, Walt Peacock, Don Slater and Red Boscha one each.

Art Davidson and Alev Kashuba replied for Vernon.

Boychuk opened the scoring for the V's three minutes into the game, but Vernon came back to tie the score at 12:04 as Davidson scored during a scramble.

Evans put Penticton ahead to stay a minute later and added his second with just seconds remaining in the period.

Hicks, with two, and Evans with his third of the night accounted for Penticton's scoring in the second. Kashuba notched his tally for Canadians.

### TURN INTO ROUT

The V's held no mercy on the Canadians and turned the game into a rout in the final 20 minutes with Evans, Peacock, Slater and Boscha scoring in that order to close out the goal-getting.

V's outshot the Canadians 55-34 and took five of the 11 penalties. Kashuba and Boscha were given majors for fighting during the game.

### ARENA ALMANAC

Saturday—Public skating 1-3 p.m.; 8 to 10 p.m.  
Sunday—Public skating 3:30 p.m. to 5 p.m.; 8 to 10 p.m. (No children Sunday night.)  
Monday—Public skating 3 to 5 p.m.

### Smoke Eaters Welcome Back Nelson With 11-4 Smashing

**NELSON (CP)**—Trail Smoke Eaters welcomed Nelson Maple Leafs back into the Western International Hockey League Friday night, whipping them 11-4 before 750 fans.

It was the fourth straight loss for the Leafs and the fourth straight victory for Trail, which will represent Canada in the world hockey championships next spring in Switzerland. The Smoke Eaters have yet to lose and the Leafs have yet to win in league play this season.

### TRouble BOTH WAYS

Nelson had trouble both ways throughout the game. Their ragged passing on offence and weakness on defence made Trail's task easy. The Smoke Eaters jumped ahead at 2:29 of the first period and the Leafs never did catch up.

It was 5-2 Trail at the end of the first, 7-3 after two periods and Smoke Eaters outscored Nelson 4-1 in the final.

Cal Hockey fed three goals for Trail. Gerry Penner and Dave Russell added two each and Ernie Secco, Harry Smith, Laurie Burras and Ed Farnluk added singletons.

### IN LOSING CAUSE

Vic Polier, with two, Howie Hornby and Bill Taylor with one each, scored in a losing cause for Nelson.

Hockey, besides scoring three goals, continually upset the Leafs with his rushing and forechecking.

Even the enthusiastic fans, whose last-ditch effort Wednesday brought the Leafs back from the brink of disbanding, failed to ignite a spark in Nelson.

Nelson's George Gibson and Secco received majors for fighting early in the second.

### BUSINESS MEN

Commenting on Friday's triumph coach Sparrow said he used his second line considerably in order to keep his first string in tip-top shape for the Vernon game.

"I was quite impressed with Wong and you'll see a lot more of him in the future," said Sparrow.

### WONG STARTS IT

Wong, a slender built student, got the Cub's first touchdown and ran some 55 yards from an interception to end the scoring in the dying minutes.

Other Kelowna touchdowns came from big Gerry Robertson, end Butch Lima and halfback Wayne Cooper. Wendel Beblow was top man for Kamloops, scoring both touchdowns. In the final quarter Beblow was taken from the field on a stretcher after being involved in a rough collision. His condition was later reported to be "very good".

The Cubs gained a 12-0 lead in the first stanza on touchdowns by Wong and Robertson.

Lima took a pass from Klingspon in the second quarter to boost the tally to 18-0 and Cooper went in for his big six to give the Orchard City team a 24-0 halftime lead.

Third quarter saw the northerners' first tally when Beblow took a pass from Brian Wallace to score.

Both squads hung on tightly until the fourth quarter when Beblow came through again for his second touchdown.

B.C. Lions' General Manager, Herb Capozzi, in the city for a visit, said he was "very impressed" with the type of football being played in the league.

"In time I'd like to see a team from this league play at the coast", Capozzi said.

Capozzi credited members of the various high schools, and organizations sponsoring the teams for their work in setting up the league.

as an amateur. The "red tape" involved in having Anderson put back to amateur status takes time and costs about \$130.

### CHIEFS IN SECOND

The result of Friday night's contest moved Kamloops into sole possession of second place, two points behind Penticton V's and two ahead of Vernon.

The Chiefs held a 5-2 margin at the end of the first, stretched it to 8-3 in the second and split six goals with the Packers in the final 20 minutes.

The result also gave Kamloops an even split in two games played Friday. In an afternoon match at Vernon they lost 2-0.

Hustling Bob Gannon paced Chiefs with five goals, Rex Turple and Fred Gabor added two each and singles came from Larry Berg and Harley Hodgson.

For Packers it was Bill Jones and Frank Hoskins with two each and one by Nick Bulach and Mike Durban.

Gannon and Turple went to town in the first to give Chiefs a 5-0 lead by 11:06. Bulach and Jones came back for Kelowna before the period ended, but it was much too little and much too late.

### TEMPO COOLS

The scoring tempo cooled somewhat in the middle period. At 11:12 Berg made it 6-3 and Gannon got his third goal and Hodges added a singleton by the 16-minute mark before Hoskins came back with Kelowna's third tally.

Gannon opened the final period with his last two goals. But Jones and Hoskins got them back by the seven-minute mark. Durban scored the last Packers' tally at 14:59 before Gabor ended the scoring completely at 18:45.

There were no penalties.

## Teddies Dump UBC Gals -Two Games Set Tonight

Kelowna's champion Teddies pulled a big one out of the hat Friday when they knocked down the U.B.C. Thunderettes 29-28 in a tightly fought contest at Kelowna's High School Gym.

Teddies and Thunderettes played a zone defense which resulted in the low scoring match. The locals concentrated on tying up Diane Beach and Barbara Bengough, big guns for the U.B.C. quintette.

The Senior "A" squad scored the first basket, but that was the only time they held the lead as Marg Fielder, Anita Stewart and Bina Brown put on a display of long-shooting that moved the Teddies out in front to stay.

They held an 18-10 half time lead and increased it in the second half to win 29-28.

### IN TONIGHT'S ACTION

Teddies and Thunderettes meet in the opener at 7:30 with Royals against the southern all-stars at 9 o'clock. Both games are in the High School Gymnasium.

Summary: Teddies: Fielder 13, Brown 12, Stewart 10, McKay 2, Fowles 2, Yussep, Purcello, Johnson, Pinsky, Total 29. U.B.C. Thunderettes: 2, Whidden 6, Bengough 4, Leinert 4, Beach 3, Lindsey, Dairon, Walker 1, Studs 4. Total 28.

Kelowna Minor Hockey Association will cover all points of the city Wednesday night in an all-out membership drive.

Parents of boys in the local league are asked to assist in the drive by turning out at Memorial Arena at 6 p.m.

Any other persons with cars are also asked to lend a hand by being at the arena.

### Minor Hockey Loop To Hold City Drive

Kelowna Minor Hockey Association will cover all points of the city Wednesday night in an all-out membership drive.

Parents of boys in the local league are asked to assist in the drive by turning out at Memorial Arena at 6 p.m.

Any other persons with cars are also asked to lend a hand by being at the arena.

### Edmonton's Frozen Field Could Change Strategy

**EDMONTON (CP)**—A frozen gridiron may force a shift in strategy when Edmonton Eskimos and Winnipeg Blue Bombers meet today in the first game of the Western Interprovincial Football Union finals.

The forecast calls for a temperature of about 25 degrees, cloudy sky and little wind for the 2:05 p.m. MST kickoff.

Winnipeg coach Bud Grant said on the eve of the game that the field conditions would make it necessary for the Bombers to change the type of attack that had brought the team their fourth straight league championship.

He said he left halfback Carver Shannon in Winnipeg in favor of rookie Ray Jauch and picked one of the best players in the league, George Loring, over Ron Mendmore, who would have trouble on a hard, slippery field, Grant said.

He expected that Edmonton quarterback Jackie Parker would be hampered to some extent by the field conditions but added that Parker can move better on a frozen field than most other players.

**USING VETERAN MILES**

Eskimos coach Eagle Keys planned to put aging Rolfe Miles at offensive half for the first time this year. He would replace halfback Joe-Dob Smith who is out with a strep throat.

There is only a remote chance of fullback Normie Kwong getting into the lineup. He suffered bruised ribs in the semi-finals against Calgary. His probable replacement is Jim Shipka.

Both coaches were expected to let the players decide whether they will wear regulation cleats or sneakers.

A crowd of about 16,000 was expected in Clark Stadium, which seats 20,000. The game was to be televised in the West with Edmonton area blacked out.

Second game of the best-of-three series will be Monday night in Winnipeg starting at 8:30 p.m. CST. The third game, if necessary, will be in Winnipeg next Saturday starting at 2:05 p.m. CST.

**BY THE CANADIAN PRESS**

REMEMBER WHEN... University of Western Ontario Mustangs from London, Ont., defeated Queen's 13-8 to win the eastern Intercollegiate football crown 21 years ago today. In that last season of college competition before Cliff being his suspension for the war years, Western was the only Canadian team with an undefeated, untied record.

**SASKATOON (CP)**—Saskatoon Hilltops, a powerful group of junior football players hungry for a record third consecutive Canadian championship, won the Western title Friday with a 23-0 victory over Calgary Mount Royal Cougars.

The Hilltops will travel east next weekend to defend their Canadian title against the winner of the Windor, Ont. - Montreal Montreals series.

Cougars, a first-year team plagued with injuries, didn't show too much power in the sudden-death game before 4,000 fans.

Halfback George Wozak, named the most valued player in the Manitoba - Saskatchewan League, scored two touchdowns. Fullback Dean Kyba picked up one.

Bob Myers booted one convert and two singles. The other points came when Cliff Shaw nailed Calgary quarterback Larry Robinson in the Calgary end zone.

## Portable Gardens Can Beautify Parking Lot

Portable gardens—the answer to a busy family's prayer. No more long weary weekends of weeding a demanding garden. You move the units into focus as the plants they hold reach their best flowering period. Keep them out of sight before and after. And roll them out of harm's way when the hay fever victim in the neighborhood stops by for coffee on the patio.

Clever way to beautify an ugly parking lot when it's not in use or to take away from the barren aspect of a large area of cement. Even the homely clay flower pot takes on a festive air, put together with several of its fellows, all offering lusty blooms, and all encased in an easily moveable fir plywood cart.

Don't confine them to the outdoors. You'll find many places inside where the portable units will add their colorful touch. For instance, on the hearth or right inside the fireplace on warm evenings when you don't

want a fire in the grate. Moved up, at night, close to the living room window, they'll throw their beauty through the glass even if your garden doesn't boast outdoor lighting.

A wonderful idea for the sick room. Watching plants grow is a welcome pastime for the stay-bed. And the nurse won't frown because the plants can be moved out at night when they tend to consume vital oxygen.

You won't find any "how to" plans for these fir plywood carts, one reason they will be new and

distinctive when you build them. But here's a tip. Your local lumber dealer will come up with all kinds of ideas when you explain your plan to him.

And never fear the fir plywood. It's made with a completely waterproof glue it has a PMEC EXTERIOR stamped on the edge.

The only dubious part of the whole thing is this: it adds to the already-large list of things the relatives can borrow from you when they're having a "do." Grass, they can't take with them.

## Freedom Patterns For Gay Cabin Furniture

If you're thinking of brightening your summer home next year with furniture that looks really modern, why not build a freedom table out of fir plywood?

The freedom of design that's possible with freedom gives the imaginative home craftsman plenty of scope. Laying out squares on a standard plywood sheet, he then can draw a cutting pattern to any shape. He can select an animal, fish or flower motif. For really intricate patterns, a jigsaw or band saw will make the job much easier.

The standard freedom patterns shown above are extremely popular. They make maxi-

mum use of the wood and are easily cut. Strips of 1" x 3" lumber are suggested for a strong leg base.

Nowadays, a wide variety of ready-made legs is available from lumber dealers. Or you can use fabricated metal legs, which come in many interesting designs.

When selecting the position of the leg sockets, make sure there isn't too much overhang, or your table will tip too easily.

For the sturdiest table, 3/4" fir plywood is recommended. Because fir plywood manufactured in Canada is made with a completely waterproof glue, there's no need to worry about leaving your table outdoors.

## FIRST AID TO THE AILING HOUSE

By ROGER C. WHITMAN

### OUTSIDE PAINT COLOR

QUESTION: Our house is of Dutch Colonial style, surrounded by heavy foliage of trees, not particularly sunny. What outside paint color do you suggest?

ANSWER: I suggest you consult your local paint dealer for manufacturer's informative leaflets on color selecting. This is so much a matter of individual taste, I'd hesitate to make a suggestion. Or write for leaflets to the National Paint, Varnish and Lacquer Association, 1500 Rhode Island Ave., N.W., Washington, 25, D.C.

### HALF-OPEN FAUCET NOISE

QUESTION: When the cold water faucet is opened only part way, it is very noisy, turned completely on, it is quieter. What is the remedy for this?

ANSWER: This is probably caused by a worn faucet washer. Replace the washer. Or it is possible that an inside part of the faucet needs tightening.

### CLEANING PLASTER

QUESTION: I have been using a small room, with unpainted plaster walls as a sewing and "work" room. Periodically I clean the room. The walls have become quite dingy. Is there any way to clean them?

ANSWER: If the walls are dingy from an accumulation of dust, they could be cleaned with a wallpaper cleaner (after first vacuuming the surfaces). This is a doughlike substance available at paint and wallpaper dealers. It is rolled, not rubbed, over soiled surfaces. If the plaster is stained and badly soiled, cleaning is not possible. Painting or wallpapering is advisable.

### REDWOOD FENCE

QUESTION: We want to enclose part of our yard with a redwood fence. Where can we get information about the various styles and procedure in erecting the fence?

ANSWER: Your local lumber dealer may have this information. Or write to California Redwood Association, 576 Sacramento St., San Francisco 11, California.

### REMOVING LINOLEUM

QUESTION: Our kitchen linoleum was put down years ago, with a felt underlayment. Now it is very worn and we want to replace it. How can we remove the linoleum from the floor?

ANSWER: Pry up a corner of the linoleum up with a wide-bladed knife, or narrow screw driver. Then pull up as much of it as possible. Usually, it separates at the felt. To remove felt that sticks to the floor, wet it with hot water. After a few minutes, the paper will soften and easily removed. Another method is to scrape off as much of the

felt as possible; then clean the floor with a floor-sanding machine.

### OUTDOOR FIREPLACE

QUESTION: After a summer at camp, our children want us to install an outdoor fireplace. Where can we get information about building one?

ANSWER: Detailed instructions for this type of construction are available in "Build Your Own Barbecue", available for 25 cents at many newsstands, hardware stores, or from the publisher, Popular Mechanics Press, 230 E. Ontario St., Chicago 11, Ill. "Picnic Fireplaces" (15 cents) and "Fireplaces and Chimneys" (20 cents) is available from Superintendent of Documents, Washington, D.C.

### CRACKED WALK

QUESTION: The concrete walk leading to our front door developed a wide crack across it at the end of last winter. How can this be repaired so it won't crack again?

ANSWER: The crack may be due to improper drainage under the walk or failure to fill and pack soft places underneath, before the concrete was laid. Spaces must be allowed, also, between sections, across the walk, for expansion and contraction. If any of these faults are present, the only permanent repair is to relay the walk after correcting the basic fault.

To fill the crack, undercut the sides, to a depth of 1 1/2 inches, using hammer and cold chisel. Brush out all loose particles and sand, then moisten sides of the opening with clear water. Patch with ready-mixed cement patching mortar, or latex cement, or a stiff but workable mixture of three parts sand and one part cement moistened with water. Keep the patch damp for about a week to allow slow natural curing of the cement and keep shrinkage at a minimum. Using latex patching concrete eliminate much of the preliminary chipping.

### ROOT GROWTH IN SEWER

QUESTION: We have just had the sewer lines cleared of root growth. Is there any way to eliminate this problem?

ANSWER: Plumbing supply houses and some large hardware dealers sell root-destroying compounds for use in sewer pipes. These are not only dissolve tree roots, but prevent or retard future growth. A home remedy is to dissolve a half pound of finely pulverized copper sulphate in warm water, in a wooden or glass container; then pour the mixture down the drain, preferably the toilet bowl, the last thing at night. Repeat the treatment every three weeks during the growing season; every three months the rest of the year.

## MOVIE COLUMN

### Mack Sennett Ended Life Broke But Proud

By BOB THOMAS

HOLLYWOOD (AP) — Passed up by the Hollywood he made great, Canadian-born Mack Sennett spent the last years of his tumultuous life broke but proud.

In recent years, he had been working on a vast, unpublished novel which he titled from advice of his mother: Don't Step on my Dreams.

It might be his epitaph. Sennett died Saturday at the age of 76.

No two men did more to create the movie industry than Sennett and D. W. Griffith. Both made millions of dollars. Both died broke and forgotten by Hollywood. But while Griffith spent his final years in bitterness, Sennett never lost the sunny optimism of his films, which always had happy endings.

### RECALLS VIT

I didn't realize I was watching the ending of his life when I visited him at the Motion Picture Country Hospital a short while ago. He was bright-eyed and his white hair was cut to a youthful stubble.

"All I need is to get some circulation in my legs and I'll be back on the golf course again," he said in his gruff, closed-mouth way. Though he never admitted it, his favorite vice was chewing tobacco and he was chewing some that day.

Nor would he admit that he was broke. He said he was anxious to return to his sumptuous apartment which was being redecorated for him.

Actually, he had lived for years in two cluttered rooms in a faded hotel next to the Grauman's Chinese Theatre. He did his own cooking and had no car or television set. His assets included a few old movie shorts and stacks of scripts. He had sold for cash a movie camera he had been awarded as subject of This Is Your Life.

### HAD BIG PLANS

Sennett, born Michael Sennott in Danville, Que., admitted none of this. He talked of getting to work on a new TV series to be based on his Keystone cops and bathing beauties. He told of offers to appear with Jack Paar and other TV shows.

"They'll pay my regular salary," he grinned. "I don't work

for nothing."

Yet money meant little to him. When Paramount paid him \$50,000 for his life story a decade ago, he returned to his old spending ways. He squired a young blonde around town and hosted parties at the Mocambo. When the money was gone, he went back to his Spartan ways of life, faced with a tax bill.

Such things didn't concern him during our last visit. Though in a charity hospital, he remained cheerful.

"I'll give you a story," he said. "Did I ever tell you how I discovered Charlie Chaplin?"

He had told me a dozen times, but I listened again.

### Pope John Sends Greetings To Kennedy

VATICAN CITY (AP) — Pope John today cabled congratulations to President-elect John Kennedy and good wishes to "the beloved American people."

The pontiff's message made no mention of the fact that Kennedy is the first Roman Catholic ever elected to the United States presidency.

### BEARS' PALACE

VANCOUVER (AP) — Stanley Park Zoo's bears soon will move out of their cramped cages into a palatial, grotto-style residence costing \$90,000. The enclosure will be divided into two islands, each with its own swimming pool.

## Canadian Banks In Cuba Placed In Awkward Spot

HAVANA (CP)—The Canadian institutions must wish they had banks in Cuba, long a bulwark of the island's economy, have been placed in an uncomfortable position by a nationalization program which on the face of it appears to favor them.

Unlike the American banks in a country which is seething with political unrest and economic uncertainty, the Royal Bank of Canada and the Bank of Nova Scotia have not been taken over by Premier Fidel Castro's revolutionary regime.

At times, officials of the two

spokesman for one of the

banks in Cuba, long a bulwark of the island's economy, have been placed in an uncomfortable position by a nationalization program which on the face of it appears to favor them.

Unlike the American banks in a country which is seething with political unrest and economic uncertainty, the Royal Bank of Canada and the Bank of Nova Scotia have not been taken over by Premier Fidel Castro's revolutionary regime.

At times, officials of the two

### BUSINESS STAGNATES

Adding to their troubles is the general business stagnation.

The banks could not get out even if they wanted to. Under revolutionary laws, businesses are forbidden to close down without permission.

Well informed sources say the banks might be better off if they had been nationalized. At least, they might stand a chance of collecting compensation at some future date, when the anti-capitalist fervor has died down. The present arrangement has been "disastrous," said an official of one of the banks.

## Lumber Industry Faces Dilemma In Alberta

EDMONTON (CP) — The Alberta lumber industry is facing a dilemma.

Briefly, the situation is this: Lumber production was up during the 1959-60 fiscal year ended last spring but sales were down.

Gordon Fisher, president of the Alberta Forest Products Association, said in a statement that depressed markets and high costs have combined to push the industry into a position where "we can't afford to operate."

The association estimates that about 60 per cent of last winter's cut is still in dry pile because operators would lose money if they finished and shipped it to market.

The AFPA asked the government to reduce the stumpage fee to \$2.75 from \$5.75 per thousand board feet. The government said the fee will remain unchanged for the present.

The 1959-60 value of all forest production is estimated at \$31,000,000, against \$29,000,000 for the previous year.

### PLYWOOD INCREASED

Production was up in almost all categories. Lumber was up 5.3 per cent, poplar plywood logs up 20.8 per cent, coniferous plywood logs—a fairly recent entry into the field—up 87.8 per cent and posts, rails and other like products up 27 per cent. The only drop of any consequence was in rail ties, down 16.7 per cent.

Officials of the forests department say there is no doubt that the industry is suffering adversities in trying to produce and market lumber profitably.

They suggest, however, the industry is in a period of transition and will gradually have to leave the straight lumber markets and diversify.

The producer must face the question of integration and the lessening market value of white spruce, which to date has been the main raw product of the Alberta industry.

One official said 1957 provided a warning, in the form of a market slump, which Alberta producers chose to ignore.

### LESS CONSTRUCTION

The slump now being experienced by producers—a slump which may not be temporary, says one official—is due to a drop in housing and commercial building and to changes in methods of construction.

Figures show that the lumber used per dwelling unit now is as much as 30 per cent less under new building methods. Concrete and steel are doing much to replace lumber in industrial buildings.

Another survey, however, shows that during the last 10 years world wood consumption

## Students Hurl Paper Barrage At CCF Leader

VICTORIA (CP)—CCF Leader Robert Strachan met a stormy reception when he addressed Victoria College students Wednesday.

During his hour-long speech he was cheered, booed, heckled, and at one point, pelted with streamers and paper lunch bags.

Throughout the meeting, he had to compete with the college choir, which was rehearsing the "Hallelujah Chorus" on the floor above.

Mr. Strachan claimed that the last provincial election showed the CCF party's appeal was rising in B.C.

A student asked why he had not replied to a challenge from Liberal Leader Ray Perrault to a debate. Mr. Strachan said such a debate would be like a fight between a skunk and an elephant—nobody would know if the skunk had been fighting but everybody would know that the elephant had been fighting a skunk.

That's when a group of students let fly with a paper barrage at Mr. Strachan.

## WORLD BRIEFS

### COSTLY AILMENT

EDMONTON (CP)—Anemia in new-born pigs is costing Alberta hog producers more than \$3,400,000 a year, said A. J. Charnick, livestock supervisor in the Alberta agriculture department. Despite years of "preaching," neglect of proper treatment still is prevalent, he said.

### CARELESS CYCLISTS

MEXICO CITY (AP) — The supreme court is clamping down on careless bicycle drivers. In upholding a guilty verdict against a bicycle driver in the death of a pedestrian, the court warned that cyclists must obey motor traffic laws.

### ROOFTOP CLASSES

HONG KONG (CP) — School classes set up on the roofs of estates where refugees are housed now are being attended by more than 18,000 children. The rooftop schools save space for primary education.

### MODERN STYLE

PETERBOROUGH, Ont. (CP) — A multi-level rectory at All Saints' Anglican Church here has been dedicated, and the keys turned over to Rev. Maurice Poole.

### FROM THE BIRDS

KUALA LUMPUR (AP) — Health officials are checking reports that China-based migratory birds are spreading fish parasites that have farmers in Malaya fleeing fields frantically scratching themselves.

## Village Rector Discovers Weddings Haven't Been Legal

BYTHORN, England (CP) — A village rector has discovered that marriages performed in his church since 1936 are not legal.

Rev. Edward Lamburn, 69, made the shocking discovery while searching through the parish records. He found that his church ceased to be licensed for marriages 24 years ago when the parish was amalgamated with a neighbouring parish.

"An application for a licence to the church to be used for Home Secretary can make a wedding should have been made," he said. "Unfortunately, it the couple wouldn't need to go through another ceremony."

Mr. and Mrs. Ernest Chapman, who married in 1936, are the only of 16 weddings performed in his church since 1936 are not legal.

Rev. Edward Lamburn, 69, made the shocking discovery while searching through the parish records. He found that his church ceased to be licensed for marriages 24 years ago when the parish was amalgamated with a neighbouring parish.

"An application for a licence to the church to be used for Home Secretary can make a wedding should have been made," he said. "Unfortunately, it the couple wouldn't need to go through another ceremony."

ATTENTION

# YOUR HOROSCOPE

## FOR TOMORROW

Be careful in reading figures. If tomorrow is your birthday, etc., as mistakes of this kind are your horoscope indicates that you will be liable to occur this day. Count may want to alter many existing planetary and from late April noon New business methods can your change and don't mistake situations this year. From now through May, while business can be tested if they are introduced sugar for salt in reverse, a subtle and to very productive in June. New business methods can be a good day to apply people of indirect approach is favored when ventures in business are under afternoon and evening. Try something you feel strongly about, making changes. After that you just expect in the middle of the main emotional balance.

## FOR THE BIRTHDAY

A child born on this day will be ambitious and will be inclined to form deep attachments. You may have a gift from an angel. A child born on this day will be ambitious and will be inclined to form deep attachments. You may have a gift from an angel. A child born on this day will be ambitious and will be inclined to form deep attachments. You may have a gift from an angel.

## THE DAY AFTER TOMORROW

Persuasion can be effective on Monday morning and early afternoon. Persuasion can be effective on Monday morning and early afternoon. Persuasion can be effective on Monday morning and early afternoon. Persuasion can be effective on Monday morning and early afternoon.

## FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that the next two months should find you in more or less of a tangle where business affairs are concerned unless you have worked unduly hard up till now. But plod along and do your best and the mathematical motions of the stars will in due time give you a better set-up and increased opportunities in January.

## From February through April

will be an auspicious time for creative and scientific work. Look for opportunities to travel in July and August for romantic interests during May and June. A child born on this day would do well in co-operative or independent work, but not under authority. The oldest paintings, originating in ancient Egypt, were water-colors rather than oils.

## QUINCY TIMES

VANCOUVER (CP) — Sweeney has long replaced head hunting as the leading sport in North America, says George D. Hart, director of education for the colony who visited here. There was a "Tuesdays table" during the Second World War, he said, "when the natives took to lapping off the heads of 110 acres around the government Japanese occupation troops."

## NATURE PARK

ST. JOHN'S, Nfld. (CP) — A \$300,000 provincial park featuring a wildlife reservation will be built on the large property surrounding the newly-opened Confederation Bridge, says the government. The project is for the project.
